Wilson Packers.

MANAGER OPTIMISTIC

Green Sees Bright Future
For Local Independent
Team This Season.

The Ada Independents, state amateur baseball champions of 1921, played a 12-inning tie game as a season opener here yesterday with Wilson & Company of Oklahoma City. Paul Waner, Ada southpaw, got Ada's lone run by swatting out a home in the second. Wilson & Company scored Kelley in the third on an error.

Manager Green's men were in good form and with a little more working out at batting will be in fine trim to repeat this year, fans believe. The opening game of the 1921 season was lost to Konawa, and Ada fans point to yesterday's game as an improvement over last year's start. Wilson & Company's team was also in good form. Snodgrass worked well during the 12 innings he pitched, allowing only four hits and getting 12 strike-outs. Rutledge and P. Waner were the only Ada men to find the ball yesterday. Coach Green's heaviest hitters failed to get started soon enough, but he is expecting to see them going better at next Sunday's game. A good crowd turned out to fair grounds park Sunday despite the early start and bad weather. Three errors by the Ada men proved almost fatal. The game was called at the end of the twelfth because the visitors had to catch an afternoon train to Oklahoma City.

Game by Innings.
First Inning.
Wilson—McKee struck out; Shirley was out, P. Waner to Rutledge; Dyer walked, but was caught off second, P. Waner to Fain. No runs, no hits, no errors.

Ada—R. Waner whiffed; Fain did same; Young was out, Osborne to Shirley. No hits, no runs, no errors.

Second Inning.
Wilson—Osborne was out, Norman to Rutledge; Sternberg flew out to Fain; Donnell flew out to West. No hits, no runs, no errors.
Ada—P. Waner smacked out a homer through third base; Rutledge swung at three and missed; Vernon and Morrison fanned. One hit, one run, no errors.

Third Inning.
Wilson—G. Kelley took first on an error by R. Waner; Snodgrass to first on an error by Young; Kelly taking second; McKee was out, Young to Rutledge; Shirley hit, scoring Kelley; Dyer was out, Fain to Rutledge; Snodgrass caught off third, P. Waner to Young. One hit, one run, two errors.

Ada—Norman took first on error by Sternberg; West sacrificed him to second, Sternberg to Shirley; R. Waner flew out to Shirley; Fain flew out to Shirley. No hits, no runs, no errors.

Fourth Inning.
Wilson—L. Kelley singled; Osborne hit into double play, R. Waner to Fain to Rutledge; Sternberg was out, Fain to Rutledge. No hits, no runs, no errors.

Ada—Young flew out to Osborne; F. Waner was out, Dyer to Shirley; Rutledge walked; Vernon whiffed. No hits, no runs, no errors.

Fifth Inning.
Wilson—Donnell was out, P. Waner to Rutledge; G. Kelley was out, Fain to Rutledge; Snodgrass singled; McKee struck out. One hit, no runs, no errors.

Ada—Morrison was out, Snodgrass to Shirley; Norman was out, Osborne to Shirley; West was out, Osborne to Shirley. No hits, no runs, no errors.

Sixth Inning.
Wilson—Shirley took first on an error by R. Waner; Dyer hit into double, Fain tagging out Shirley on forced run, Fain to Rutledge. L. Kelley singled; Osborne struck out. One hit, no runs, no errors.

Ada—R. Waner was out, Dyer to Shirley; Fain flew out to McKee; Young whiffed. No hits, no runs, no errors.

Seventh Inning.
Wilson—Sternberg was out, R. Waner to Rutledge; Donnell whiffed; G. Kelley was out, R. Waner to Rutledge. No hits, no runs, no errors.

Ada—P. Waner was out, Dyer to Shirley; Rutledge singled; Vernon and Morrison struck out. One hit, no runs, no errors.

Army Aviator Killed While Speeding to Meet Fiancee

DALLAS, April 17.—Captain George S. V. Little, army aviator, killed in an airplane accident here yesterday, was to have met his fiancee, Miss Vera May Stiles of Los Angeles, at Ft. Worth today and accompany her to Little Rock, Ark., where they were to have been married April 24.

Miss Stiles and her mother, Mrs. H. A. Stiles, arrived here early today having been informed of Captain Little's death last night at Ft. Worth when they arrived from San Francisco, Cal. H. A. Stiles, father of Miss Stiles, is said to be engaged in the oil business at Little Rock.

Mrs. Stiles said that Captain Little's home was in New York, where his father is an attorney. He was 24 years of age and served in France, she said, later having been stationed in California where he met Miss Stiles.

Efforts to learn the home address of Sergeant James L. Johnson, also killed in the airplane accident, has been unavailing here today. His service card gives his age as 21.

Miss Stiles, near prostration with grief, said she last heard directly from Captain Little Saturday night when he telephoned her from Kelly field that he would fly to Dallas Sunday on official business and then he had been granted a furlough and would meet them at Fort Worth today.

Bungalow Was Ready
"We were to have been married and were going to live in a little bungalow at San Antonio," Miss Stiles, who is 13 years old, sobbed. "Now, that is all over."

A board of inquiry, consisting of five army officers from Kelly field flying station, is investigating the accident here today.

The army fliers, on a cross country flight from San Antonio to Dallas and returning, were killed when their plane, with a sudden turn from an altitude of 100 feet, nose dived to the earth at a commercial field at the west end of Oak Cliff viaduct at 2 o'clock yesterday. Little died after being taken to a hospital. Sergeant Johnson was dead when removed from the wreckage.

Edward Addington, a former army aviator, after examining the demolished plane, declared it was out of gasoline when it fell.

INTRODUCING 1922 Graduate OF ADA HIGH

Jessie Cales.

Another popular student to graduate this May at Ada high is Miss Jessie Cales, daughter of Mr. and Mrs. C. E. Cales of 115 East Twelfth street. She has been a student of the local school for four years, beginning her work as a freshman.

Miss Cales will represent her school in the forthcoming district literary meet in the reading contest. She has been doing work of this nature for the past two years. She is also a member of the high school athletic association. A. and M. college is the school to which she is looking to continue her education.

FRANCIS HIGH IS WINNER IN FIRST CLASS CONTESTS

What county school authorities describe as the most successful meet in history was completed late Saturday afternoon with Francis high school taking the Class A championship. More entries were made than usual and all three classes, A, B and C, were featured by sharp competition. Washington ward school of Ada won Class B and also Class C, taking the latter by a small margin from Francis.

Allen high school walked away with baseball honors, and Hays ward school took Class B baseball. Edger Goins was all-round athlete of Class B, making 35 points for Washington school. Cecil Foster was all-round man in Class C, making the majority of points for Francis high school. Hays school won in tennis singles and doubles.

Class A volleyball, boys and girls, was taken by Francis. Washington school took Class B volleyball, boys and girls. Polly Price of Washington school won first in penmanship and spelling. This gave Ada's ward school a good start in athletics.

Willard and Hays school were stronger in literary events, and Glenwood school came in for some honors in music. Irving school pupils were mentioned as winners in several events. Roff high school lost out before the stronger aggregation from Francis, the latter going down before Allen in baseball.

Irving school took class C honors last year and Roff and Allen excelled in class A track. Coaches of the winning schools stated today that their best men would be entered in the district meet interest in the girls' division was greater than ever before.

**CHILDREN CRUSADE TO
WASHINGTON STARTED**

(By the Associated Press)
ST. LOUIS, April 17.—The children's crusade for "amnesty" departed today for Terra Haute, Ind., on the first lap of its journey to Washington where President Harding will be petitioned to release 113 imprisoned men, convicted of violation of war time laws.

O. C. Garrett Sr., is sick with pneumonia at the home of his son-in-law, O. H. Jenkins, 315 West Seventh street.

U. S. IS WINNER IN RENTAL FUSS

Manufacturers Lose Today
In Attempt To Discard
Lease Injunction.

WASHINGTON, April 17.—The government today won in the supreme court in the case brought by the United Shoe Machinery Corporation and others to have set aside the restraining order prohibiting them from using certain lease clauses in their contracts on rental of patented machinery.

The supreme court affirmed the decree of the United States district court at St. Louis which enjoined the corporation, under the Clayton Act.

The extent to which manufacturers of patented machinery can restrict its use by those to whom it is rented is involved in the proceedings in the Supreme Court brought by the government against the United Shoe Machinery Corporation and its affiliated companies, under the Clayton Act. The case was twice orally argued before the court.

When the lower federal courts decided against the government in its suit against the Corporation under the Sherman anti-trust law, Congress enacted the Clayton law, and while the Sherman act case was pending in the Supreme Court, the government obtained an injunction against the corporation in the United States district court at St. Louis restricting it temporarily from continuing its lease practices until the courts could determine whether such practices were in violation of Section Three of the Clayton Act. It was claimed by the government that the section was drafted with particular reference to the leases of the corporation.

Monopoly Is Feared.
It provided that it shall be unlawful for any persons engaged in interstate commerce to lease patented machinery, or to fix its rental, on the condition that the person leasing the same shall not use or deal in the machinery, supplies and other commodities of a competitor, where the effect of the lease "may be to substantially lessen competition or tend to create a monopoly."

The preliminary injunction granted by Judge Dyer was cancelled by the Circuit Court of Appeals at St. Paul. Evidence forming an enormously voluminous record was taken by an examiner, for the United States District Court at St. Louis and Judge Triber sitting granted an injunction on March 31, 1920, restricting the corporation from continuing its lease practices, holding them to be in violation of the Clayton act. The injunction was suspended by the Supreme Court pending the final determination of the case.

Beardstown Flooded
BEARDSTOWN, Ill., April 15.—Three inches more of Illinois river water in the streets of Beardstown this morning gave rise to the cry of many citizens that come what may, they would remain to the last, that three feet more water could do more damage than today's three inches.

GENOA MEETING REFLECTS LIGHT OF ARMS PARLEY

Conference at Washington
Has a Strong Effect on
Delegates Now.

GUIDEPOST TO PEACE

Communism Now Fighting
Its Greatest Battle and
Perhaps Last.

(By the Associated Press)

GENOA, April 17.—Newspaper correspondents here have found that a strong feeling exists that the Washington conference is having a powerful moral influence on the economic conference. As one publicist puts it "Washington has shown Europe the way; European statesmen must harken to the message of continued peace which emerged from Washington."

Others expressed the conviction that England, France and Italy would be found taking the peace-roads.

Communism, the Russian social experiment, was described here as fighting its greatest battle for existence—perhaps its final battle. The strength of soviet Russia's conditions, it is pointed out, is that it knows Europe needs Russia restored to normal but its weakness is the realization that the internal disturbances and prostration makes it obligated to some kind of arrangements with the rest of Europe.

The soviet standpoint is that recognition of the allied debts is a privilege condition demanding foreign attention, and is practically paramount to representation of communism and signifies that communism is now proved to be a house of cards.

Can't Esappoint People.
Those in a position to know were impressed by the communists' attitude. Apparently they feared to return to report that the structure built up after the terrible strife cannot endure. M. Chicherin alluded to this fact at yesterday's meeting when explaining the soviet attitude on debts. "Our people" he said, "believe that they created a new world. We cannot go back and tell them that they must settle all obligations under the old system."

Another general topic was the attitude of the United States. The hope was unanimously expressed that if something tangible was done to reconstruct Europe economically, America would later lend her wisdom and perhaps her purse to the cause.

Treaty Is Signed.
GENOA, April 17.—A treaty between Germany and Russia was signed at Rapallo yesterday, the signatures being the foreign ministers of the two countries, George Chitchev for Russia and Dr. Walter Rathenau for Germany. The treaty nullifies the Brest-Litovsk treaty and re-established diplomatic relations on an equal basis.

The pact calls for cancellation of all war claims, as well as claims arising from nationalization of property.

The treaty signed yesterday, it is stated, represents the conclusion of negotiations begun many months ago.

This action of delegates in meeting independently and negotiating a treaty outside the scope of the conference itself is pointed to as establishing a striking precedent for participating nations in the discussion of the Russian problems here.

Heads Confer Today.

GENOA, April 17.—Premier Facta, of Italy, as president of the economic conference, issued a sudden summons this afternoon for a conference at 3 p. m. for the heads of the inviting powers now in Genoa. It is believed one reason for calling the conference was the announcement of the signing of the Russo-German treaty.

The object of the meeting was to adjust by consultation the attitude of the allies on the Russian question.

The Japanese were included in the invitation.

NOTICE MASONS

Ada Lodge No. 119 will meet tonight at 7:30 o'clock for the purpose of work in Master's Degree. Visitors cordially invited to meet with us.—F. R. Laird, W. M.

GOVERNOR SMALL GETS NEW DELAY TODAY IN TRIAL

WAUKEGAN, Ill., April 17.—Governor Len Small's trial on a charge of conspiracy to embezzle state funds was postponed again today, this time until next Monday when the state agreed to the request of the governor's attorneys.

The postponement will permit leaders on both sides to attend the republican state convention at Springfield Friday.

WAUKEGAN, Ill., April 17.—The trial of Governor Len Small, scheduled for today was temporarily postponed while attorneys for the state considered a request from the governor's counsel for stipulations covering the introduction of documentary evidence and for postponement of the case another week.

The governor's lawyers are understood to have pointed out that an agreement covering the documentary evidence would save a month of time in the trial of the case.

The week's delay was asked because of the republican state convention which is to be held at Springfield Friday.

At 11:15 after renewing the conference, the governor was advised by his attorneys that no decision would be reached before this afternoon.

It is understood that the state is willing to agree to a week's delay.

HARDEST FIGHTS LOOMING AHEAD

Local Ring Champions Face
Stiffest Battles Here
Thursday Night.

The hardest ring battle of his entire ring career lies ahead of Archie Cooper, local middleweight champ, who is finishing training this night with Potts Isaacs, Allen. For Isaacs it is a fight for a crown; for Cooper it is a battle to keep one.

As a final precaution in his training, the Allen contender has gone to McAlester to finish workouts under professional tutoring. It was learned here today. According to his sparring partners, Isaacs has a "sleeper" wallop in both gloves. He will be the first of this kind Cooper has met. Fans at Allen are expecting their contestant to deliver a knock out early in the round's bout.

"But they don't quite know our Cooper boy," Charles Johnson, American Legion sport manager, said this morning. "Since his last fight, Archie has been in intensive training. A 4-mile trot every morning has restored his wind completely and he is hard as a nail. Cooper can use both hands to good advantage. He used his left for a knockout here two weeks ago for the first time against the Battling Swede of Holdenville. Archie meets a good man this week but he himself is in better form than ever before."

"Dutch" Stone, the newly discovered fight genius and "Jack Dempsey" Sparks, will meet men who have been under the personal tutelage of Dr. Robbins. Stone will fight "Kid" Anderson of Sulphur four rounds and Sparks will meet "Young" Woodruff, a Sulphur youngster, for another four rounds.

"Sailor" Adair is conditioning to meet Mortie Brown, Oklahoma City, for a 5-round semi-windup. Adair is due for a come-back since his defeat by Johnny Baker, an Ada boy, recently. Adair is said, however, to be attaining whirlwind speed and is the only local fighter who holds Archie Cooper to a stiff workout.

BOBBITT NAMED FOR CO. BOARD

McAlister Announces New
Election Official To
Succeed House.

Bailey M. Bobbitt has been appointed secretary of the county election board, succeeding Bill House, according to an announcement received in Ada today from W. C. McAlester, secretary of the state election board.

The appointment was approved by County Democratic Chairman Robert Wimshurst and County Vice-Chairman Mrs. E. C. Larsh. The change is understood to become effective with its announcement.

EPWORTH LEAGUE OFFICIAL OFF ON TRIP TO EUROPE

The Rev. Charles W. Guthrie.

The Rev. Charles W. Guthrie has accepted an invitation from Methodist bishops in Europe to help establish and co-ordinate league work there with the work in the United States. During his work abroad Dr. Guthrie will visit practically every country of Europe.

MASS MEETING TONIGHT

Every citizen of Ada is urged to attend the mass meeting at the City Hall this evening at 8 o'clock. A definite decision will be reached as to the continuance or dropping of the proposed project of voting \$100,000 in bonds, the proceeds from which will be used in erecting a Memorial or Convention Hall. Those who have been working on the project do not want to continue unless the citizens want such a building, but it is generally believed, they state, that such a building is wanted.

Regardless of one's opinion, both men and women voters should attend this meeting. The time is ripe for Ada to act together as she has never acted together. United the city can do anything. The only way the city can be united, is for the citizens to attend public meetings and make their wants known.

Mrs. Dollie Lawrence of West Eighth street is suffering from an attack of appendicitis.

ROBERTSON TO BE ARRAIGNED MAY 3

Okmulgee Judge Allows
More Time When Governor's
Name Is Called.

(By the Associated Press)

OKMULGEE, April 17.—District Judge Mark L. Bozarth today postponed the arraignment of Governor Robertson and others indicted by a grand jury as a result of its investigation of the failure of the Bank of Commerce of Okmulgee, from today until May 2.

When the name of Governor Robertson and others indicted in connection with the bank inquiry were called, Judge Bozarth announced that on the request of attorneys for the various defendants he agreed not to insist on arraignment today. A formal order was entered on the minutes of the court fixing May 3 as the date for arraignment.

Fred G. Dennis, former bank commissioner, and Ben Brown, absconding cashier of the Oklahoma State Bank of Preston are the only men indicted who have not been arrested and furnished bond. County Attorney James Hepburn told the court that he was eager to have all preliminary motions disposed of by the first of June when the regular term of district court begins, in order to have the cases at issue.

That a motion for a change of venue in nearly every case will be filed, is known from statements by attorneys. Mr. Hepburn told Judge Bozarth in open court today that he understood that a change of venue would be filed, and that it will probably take two or three weeks to dispose of it. The county attorney will fight to prevent any change of venue in any of the cases, he said.

35 ARE INJURED, OTHERS MISSING AFTER DISASTER

Body of Man Found in
Field Near Centralia,
Ill., This Morning.

VICTIMS IN HOSPITAL

Depot Moved and Cars Are
Blown From Tracks in
Freak Twister.

CENTRALIA, Ill., April 17.—Four persons are known to have been killed and 31 injured, three seriously, in a tornado which cut a path 100 feet wide near here last midnight.

CENTRALIA, Ill., April 17.—Seven persons are reported killed and 35 injured in a tornado which struck six miles south of here early today in the country between Irvington and Walnut Hill. Because of difficulty of communication the reports could not be verified satisfactorily.

Irvington has a population of about 3,000 and many homes in the direct path of the storm were damaged.

Reports stated that the body of a woman and two children were taken up and the debris at Irvington, that the body of a man was found in a field three miles northeast of Irvington, and that two daughters of a farmer living seven miles east of here were blown away. The body of one of the daughters was found in an orchard but the other is still missing, according to reports. It also was reported that a woman was killed at Lake Centralia, eight miles northwest of here. The tornado swept around the Baptist parsonage at Irvington, damaging outbuildings but doing no damage to the institution, in which a large number of children were housed.

As soon as information of the storm reached here a train was made up and Red Cross officials and physicians and nurses went there. Two persons were brought to the St. Mary's hospital here. They are Earnest Collins, an employee of the Illinois Central railroad, whose back is said to be broken, and Mrs. Gus Droede, the extent of whose injuries have not been determined. Others less seriously hurt were treated at Irvington. All the seven members of one family are said to have been taken from the ruins of their home, but they all are expected to recover.

The Illinois Central depot is said to have been carried about 200 feet from its location, remaining intact. A box car on a siding was picked up and turned about on another track.

The storm also struck Nashville and did some damage but nobody was injured.

WILLIAMSPORT, Ind., April 17.—John Hasty, farmer, was killed this morning when his home collapsed in a tornado which struck south of here early today. Three other houses were demolished. Telegraph and telephone wires are down.

Whole Family Gone.
SPRINGFIELD, April 17.—Capt. O. J. Mackin of Salim telegraphed Adjutant-General C. E. Black that three persons were killed near Centralia, and one family is missing. Four persons were killed and 18 injured and 12 houses and 3 business houses demolished at Irvington, as a result of today's tornado.

Washout Delays Train.
PEORIA, Ill., April 17.—A washout on the Rock Island railroad at Mossville, ten miles north of here, caused the wrecking of 200 feet of the road leading up to the Upper Free Bridge, from Tazewell county side of the river, and demolished fifty summer cottages and riverfront houses. A 30-mile gale which swept the Illinois river here during the night and a heavy electrical and rain storm added to the fury. It is feared the wrecking of the Upper Free Bridge will bring dam-

BIBLE THOUGHT OF TODAY

THE GIFT OF PEACE:—Peace I leave with you, my peace I give unto you; not as the world giveth, give I unto you. Let not your heart be troubled, neither let it be afraid.—John 14:27.

WOULD RUSSIANIZE AMERICA.

A socialist paper commends the Russian soviet system most highly. It says Russia is blazing the way for the workers everywhere and that the coming success of the Russian system "will hasten the triumph of toilers in all countries." It insists that the socialist theories will soon be completely vindicated and the rest of the world must follow suit. However, it charges that the press of America jumps ever time capitalism cracks the whip, and has been filled with lies about the Russian situation. To offset this it intends to establish a Russian information bureau and when a lie appears at once communicate with Lenin about it. Of course Mr. Lenin can be relied upon to deny any statement on request so that the public can have its choice between his word and that of the correspondents sent abroad by the newspapers who are always trying to get at the bottom of any situation. It is a safe bet that this information bureau will never admit anything detrimental to the soviet and will continue to attribute every shortcoming to the baneful influence of "capitalism." From the tone of this article it is plain that the idea of a government patterned after that of Lenin and Trotsky still exists in this country and must be reckoned with.

SPENDING FOR PERMANENCE.

Of course a school system cannot be rightly judged by the amount of money it spends. At the same time, it takes money to get good teachers and build, equip and maintain the right kind of buildings. It is interesting, therefore, to note from the "Blue Book of Southern Progress" that Oklahoma spent more in 1920 on her schools than any other southern state with the exception of Missouri and Texas. Oklahoma spent more than twice as much as Alabama, Arkansas, Louisiana, Mississippi or Kentucky. She spent nearly twice as much as North Carolina, and more than three times as much as South Carolina.

The charge is sometimes made that we spend too much for our schools, but to build for all time we must have good schools. Then, too, we are still erecting buildings for which a goodly portion of the money goes.

Good schools cost money, but they are worth it.

WHAT'S THE MATTER?

It cannot be denied that the United States senate is lacking in men of big calibre who held seats a quarter of a century ago, but it has not been settled whether this is due to the direct election system or a general dearth of brainy men in the country. It may be that there are as brainy men in the United States today as at any other time in its history but somehow they don't seem to be getting places in the senate any more.

The Russian delegates to the Genoa conference are perfectly willing to agree to pay the debts to citizens of foreign countries contracted by the Czar's government, but insist that at the same time the "capitalistic" countries must pay the soviet republic the small sum of \$25,000,000,000 as damages caused by the various attempts to overthrow the Lenin-Trotsky regime. This would leave the Russians about \$20,000,000,000 to the good, hence their willingness to talk trade on that basis.

After an enforced retirement of about a decade from the national senate Albert J. Beveridge is trying to stage a comeback. He was an ardent bull mooser in the palmy days of that party, and with the standpat element backing Senator New for another term the Hon. Albert has a rocky road ahead of him in the primary to say nothing about meeting a Democrat in November.

It is human nature to err and the men of the greatest intellects often make mistakes. When a man attempted to compliment E. H. Harriman, the great railroad organizer, on his astuteness of mind Harriman replied that if he could only guess right four times out of seven he would in a few years possess all the money in the world.

TWO OF A KIND.

Fable: Once upon a time we found a match tray that had matches in it. Now you tell one.—Muskogee Phoenix.

All right, how is this one: "Once upon a time an editor published a paper that pleased everybody, even himself."

A New York doctor insists that the man who plans to retire from business in his old age is making a great mistake. He says a man should never stop work, for his observation has been that those who do stop soon lose their interest in life and die earlier than if they had kept on at work.

The chief reason for the majority of failures lies in the fact that most men do not recognize an opportunity until the tip of its tail is disappearing over a distant hill.

ONE MAN WE'D ALL LIKE TO SEE OUT OF A JOB

The Forum of the Press

Teachers Veto Pensions

(El Reno American)

Teachers in Oklahoma City last week voted down a pension plan which had been inaugurated there in the interest of the older teachers of the school system there. The progress of the plan has been watched with considerable interest by the pedagogues of the state. From what can be learned about the scheme, the failure was due to an undesirable method of administration and an attempt to put it over high-handedly, without first getting co-operation of the individual teachers, rather than through opposition to the pension plan. In theory the system would prove a great stabilizer to school faculties by providing a reward for those who wish to make the profession their life work. A statewide plan might prove a big help.

The Returning Tide.

(Holdenville Democrat)

Plenty of rain and plenty of sunshine make the world feel better and there are other things that daily contribute to a better feeling. The signs all indicate a gradual improvement in the business world. Markets are strengthening. Confidence is returning. With the exception of the coal strike, which is hurting the country very materially yet, the business world is slowly rising from the wreckage following the war.

Times have been bad enough, but times are improving, and there is no profit in reviewing the dark period thru which we have been passing. Times were never so bad as the worst pessimists believed them. They are not so good even now as the softest optimist claims. But there is a healthy improvement that is most encouraging and this improvement has splendid promise of becoming very marked as the months go by.

We have talked of calamity and encouraged calamity long enough. If we will only quit comparing present profits and present volumes of business with the inflated profits and business volumes of the war period, if we will only turn our backs to the past and face the future cheerfully, we can lend important aid in getting the world on a normal basis. The world has been dangerously sick, but it is now convalescent and the days of healthy vigor are just ahead. Let us quit searching in the dust for the golden opportunities of the past and look towards the clouds whence the sunlight is falling fresh and fair.

This is the Easter tide that commemorates a risen Christ. No better time is there in all our calendar for a stricken world and discouraged people to shake off the ceremonies of gloom and despondency and to rise to the high levels of hope and courage. Bury the past in the grave of the past; the future lies open before us still. Mighty battles will be fought and won in this year of grace by the hopeful and brave hearted.

Those Gates Again are Ajar.

(New York Times)

With each of the interviews given by Sir Arthur Conan Doyle it becomes harder to be patient with him—to remember that he is an able as well as an amiable man, and that we all are indebted to him for many a pleasant hour. To be sure, it was a somewhat primitive joy that was given in the good old days when his creative imagination was turned toward the constructing and solving of mysteries entirely terrestrial. Primitive or not, the joy was real and the work done ranked among the best in its class.

But now! Again the creative imagination is active, but this time the product must seek appreciation so far away from where it was found before!

When Sir Arthur wrote detective stories he did not ask us to believe, and presumably did not himself believe, in the practicability of his hero's methods—he knew that they would work only on a prepared case, carefully arranged for their application. At present he takes his inventions with a seriousness somewhere between dreadful and pathetic, and the result is a mere variant according to his personal preference of such fancies as were set down in "The Gates Ajar." That book had a great vogue forty or fifty years ago, and still could be read, if anything chanced upon a copy of it, with much more interest than anything said about the other world by Sir Arthur.

WANER'S HOMER MAKES TIE GAME

(Continued from Page One)

Wilson—Snodgrass flew out to Young; Shirley flew out to West. No hits, no runs, no errors.

Ada—Norman was out, Osborne to Shirley; West was out to Osborne to Shirley; R. Waner flew out to Osborne. No hits, no runs, no errors.

Ninth Inning.
Wilson—Dyer was out, P. Waner to Rutledge; L. Kelley flew out to R. Waner; Osborne flew out to Morrison. No hits, no runs, no errors.

Ada—Fain was out, Sternberg to Shirley; Young flew out to McKee; P. Waner flew out to Dyer. No hits, no runs, no errors.

Tenth Inning.
Wilson—Sternberg was out, P. Waner to Rutledge; Donell was out, Fain to Rutledge; G. Kelley flew out to Fain. No hits, no runs, no errors. Ada—Rutledge struck out; Vernon was out, Snodgrass to Shirley; Morrison whiffed. No hits, no runs, no errors.

Eleventh Inning.
Wilson—Snodgrass was out, R. Waner to Rutledge; McKee flew out to P. Waner; Shirley tripled. Dyer struck out. One hit, no runs, no errors.

Ada—Norman was out, Sternberg to Shirley; West was out, Osborne to Shirley; R. Waner was out, L. Kelley to Shirley. No hits, no runs, no errors.

Twelfth Inning.
Wilson—L. Kelley flew out to West; Osborne flew out to R. Waner; Sternberg was out, R. Waner to Rutledge. No hits, no runs, no errors. Ada—Fain flew out to L. Kelley; Young flew out to L. Kelley; P. Waner singled; Rutledge doubled, P. Waner going to third; Terry, pinch hitting for Vernon, struck out. Two hits, no runs, no errors.

Score by innings: R H E
Wilson—001 000 000 000—1 1 5 1
Ada—010 000 000 000—1 1 4 3

Bobbitt, umpire.
Summary: Home runs, P. Waner; three base hits, Shirley; two base hits, Rutledge; bases stolen, Norman; double plays, Ada 2, Wilson 1; bases on balls off Snodgrass one, off P. Waner one; struck out by P. Waner, four, by Snodgrass 12; wild pitches, Snodgrass one. Time of game, 2 hours.

FARM BUREAU COUNSEL ANNOUNCES FOR GOVERNOR

CHICAGO, April 15.—Clifford Thorne, general counsel for the American Farm Bureau, today formally announced his candidacy for the republican nomination from Iowa. He simultaneously tendered his resignation to the Farm Bureau Federation.

TEN PERCENT OF O. U. FRESHMEN FLUNKING NOW

NORMAN, April 17.—(Special)

Ten percent of the 650 freshmen enrolled in the college of fine arts and sciences of the University of Oklahoma are failing in one half of their work, and 15 percent are failing in one subject according to J. S. Buchanan, dean, in his recent monthly report.

Dean Buchanan says that he is dealing with two classes of students since the last monthly reports were made to him by the student advisors. First, of those on probation because of failure in work last semester, there are still 26 whose work is not satisfactory, and Dean Buchanan is having private conferences with these students, trying to determine the trouble. Two of the 26 have been requested to leave school.

The second class to come before the dean is the 65 freshmen who have been reported as doing poor work. These are given warning to bring their work to a higher grade in the future.

Political Announcements

The News is authorized to announce the following as candidates for the offices named, subject to the action of the Democratic primary.

State Offices

FOR DISTRICT JUDGE: WAYNE WADLINGTON D. W. HUFFAR

FIREMAN INJURED WHEN TRAIN LEAVES RAILS

(By the Associated Press)

INDIANAPOLIS, Ind., April 17.—West bound passenger train No. 43 of the Big Four railroad, was derailed near Foster, Ind., early today, reports received by Indianapolis dispatch office today said. Harvey Watts, of Indianapolis, fireman of the train was injured but not seriously, the report said.

Five of the signers of the declaration of Independence lived to be over ninety, eight over 80 and ten 70.

A Nickel's Worth of ice will keep A Dollar's Worth of food

Now is the time when many housewives make the mistake of saving a few nickels on ice and losing a few dollars worth of food. They forget that a spring temperature of 50 to 60 degrees will spoil food just as surely, if not as quickly, as 90 degrees in mid-summer.

The food may not spoil so badly it cannot be used; but it will lose flavor and nourishment, the two things which cost the most money and do the most good.

Keeping your food—milk, meat, butter, vegetables and eggs—in a well ice refrigerator is the only safe thing to do at this season of the year. Every well-informed housewife knows it.

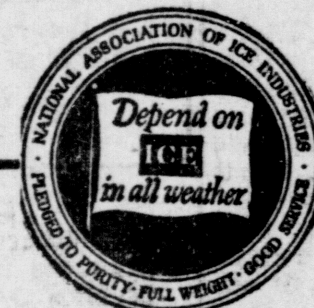

Take ice REGULARLY from now on—it will actually save you money and is a protection to the family health.

World Still Has a Heart For Crippled and Blind Industrial Board Avers

(By the Associated Press)

OKLAHOMA CITY, April 17.—A few days ago a clerk in the office of the state industrial commission at the statehouse looked up from her desk in answer to a request for an audience with one of the commissioners. Before her stood a well-dressed man leading by the hand a boy, blind and wearing the plain clothes of a workman. The girl directed the visitors into the office of H. C. Myers, a member of the commission.

The man introduced himself and boy, explaining that the latter had lost his sight in an accident while in his employ, and that he had brought him to the commission's headquarters to arrange compensation.

"Give him all the law allows," said the employer who had seated the boy as carefully as though he were his father.

Commissioner Myers questioned the man and the boy and told him that the law specified \$7,000.

"That is not enough," said the man. "I will give him more than that. Two eyes are worth more than \$7,000."

The incident was not unusual, according to Commissioner Myers.

"If anyone believes that the heart has gone out of business, let him watch the people with whom we deal," the commissioner said. The employers of Oklahoma as a whole have showed a disposition to make all amends possible for injuries sustained by persons in their employ. This is true not only to those who employ a few men, but likewise to the large industries of the state.

"Some time ago an employee of one of the large oil companies was severely injured," the commissioner related. "The company sent him to a noted physician and spent \$1,500 in restoring him to health. The man was an unskilled laborer, uneducated and rough. After he had been discharged from the hospital he came to the office of the commission, bitter at him employer, bitter at all government and cursing the luck that had brought him injury. The law provided that his compensation should be approximately \$1,500. It also provided that his employer was obligated to pay only a two-weeks' hospital bill.

"It is unusual for an employer to fight any just claim for compensation, according to the commissioner, and in scores of instances employers have co-operated with the commission in seeing that compensation awards were used wisely by the recipient. Buying of farms is a favorite use to which compensation money is put, Commissioner Myers said. Just the other day a negro woman in Carter county wrote the commission telling them that the employers of her injured husband had perfected her title to a small farm she had bought and were aiding her in getting a new start.

"The agreement was completed, the anger and sullenness of the man giving way the while to the more friendly disposition. He left the room with the statement that the company's agent, 'Well, you're a pretty good bunch of ginks, after all.'"

Saved from Anarchy. "He had been diverted by the company's action from a course that would have led only to anarchy and un-Americanism," the commissioner continued. Today he is a good citizen.

Many similar stories were related by Commissioner Myers of men who had come to the commission's headquarters in person to arrange compensation for injured employees.

Recently a man brought an injured employee to the commission asking that his compensation be set and specifying only that "you don't be too stingy with the company's money."

TO SHOW IMPROVEMENTS IN GAS RANGES HERE

The Haynes Hardware company is looking for the oldest gas range in Ada and wants to trade for it. You can see the announcement in another column of this paper.

While this offer has an advertising feature, it is quite novel and is expected to prove interesting. This company is endeavoring to demonstrate the improvement which has been made in gas ranges within the recent years. It might pay you to look at your range and see if you have a chance to get a new one for it.

NEW BLUE SHADE MAKES THIS GOWN

Blue crepe de chine banded in rose and pearl beads tell the story of this dinner gown of American design. The blouse is straight, full and long with no sleeves and a bateau neckline. Egypt inspired the skirt.

POTTS IS FIRST TRACK STAR IN CHICKASHA MEET

* Frank Potts returned home Sunday from Chickasha where he established a record for himself and Ada high school as best all-around man in the first track and field meet under auspices of the Southern conference, of which the Ada school is a member. He took 13 of Ada's 20 points Ada high school, with probably the smallest number of men entered of any school, took fourth place.

Chickasha high school won first place by a margin of one point finishing out Duncan high school. Chickasha had a total of 34 points; one more than Duncan and 14 more than Ada. Altus won tennis honors. Ada had no entries in this section.

Harry Schienberg, who has been helping coach the Ada boys, stated today that he was more than pleased with the showing by the home squad, adding that if the men had been given a season fit for training they would have made even a better showing. As it was the local entered the meet greatly handicapped, he said.

Potts took his honors by winning first in pole vault and broad jump, taking third in shot put and second in high jump. King of Ada took first in 120-yard hurdles, and third in 220-yard low hurdles. Nettles took third in the 440-yard dash. Ada high school will debate Altus for conference honors here Wednesday night.

Physician Sentenced.

LOS ANGELES, April 17.—Joseph Studer formerly a physician of Peoria, Ill., was sentenced today in the supreme court here to serve an indefinite sentence of from one to ten years in the San Quentin penitentiary.

Farmers' Column

By Byron Norrell

Among a good many things I know little about is bee culture. However, I had fair success with them on the farm and am now trying to learn a few things about them through Prof. A. T. Watson and J. B. Hill. A few days ago Mr. Watson gave me a valuable lesson in removing a colony from a small hive to a larger one and incidentally inspecting them. The bees were in good condition, due partly to feeding them during the winter months, and had an ample supply of brood, indicating plenty of bees for a good season. I also went through three hives with Mr. Hill and picked up a few more points. A bee is about the only thing that boards herself and works for nothing and this being a good honey country I see no reason why honey should not become a profitable crop. It looks a little out of place to ship honey all the way from California when just as good can be produced at home. Now that clover is becoming well scattered over the county there is all the better chance for success in bee culture.

Oklahoma Crop Notes.

OKLAHOMA CITY, April 15.—The past week has been one of many changes. The period as a whole has shown a large percentage of cloudy weather with scattered rains during the first half. The heaviest precipitation recorded during the week for a 24-hour period was at Holdenville where 1.84 inches of rain fell. For the same period, Enid was second with 1.67 inches and Pauls Valley third with 1.55 inches.

The highest temperatures of the week were recorded at Mangum and Lawton on the 12th. Mangum reported 90 degrees and Lawton 89. Heavy wind movements were also recorded in various parts of the state, doing considerable damage at scattered points.

The threatening freezes of the first part of the week did not reach temperatures low enough to damage fruit prospects. The lowest temperatures occurred on the morning of the 11th as follows: Alva, 35; Woodward, 36; Weatherford and Cherokee, 37 and Enid and Kingfisher, 39. In the heaviest fruit producing sections the thermometer registered on the average of 40 and above.

Wheat continues to show a slight improvement, however, the green bug is still working in many parts of the state. In a few cases farmers have plowed up their wheat owing to the heavy damage from this pest.

In a recent check on the green bug damage in Kingfisher county, thirty fields were inspected in a district where the conditions were reported lowest on this account. The result was as follows: 15 fields reported no bugs; 3 fields reported bug spots, bugs gone; 10 fields reported bugs active and 1-2 fields were totally destroyed. This experiment was made by the Oklahoma Mill Company of Kingfisher.

Livestock are reported in fair condition. Some localities report their cattle thin on account of scarcity of feed, but better than the average for this time of the year owing to the mild open winter, however, feed has generally been plentiful and fed on the farm because of the low sale prices.

At the request of the president of the United States, the governor has proclaimed the week of April 16 to 22, 1922, as Forest Protection week and the last day of that week, April 22nd, as the Golden Anniversary of Arbor Day. He has requested the individual and collective effort to conserve our tree growth for ornamental and commercial uses.

He has requested the president of the State Board of Agriculture and the State Superintendent of Public Instruction to join him in his effort to interest the people of Oklahoma in the necessity of tree planting and the observance of the Anniversary of Arbor Day.

Mr. Wilson and myself most earnestly urge the people of Oklahoma to properly observe the provisions of the proclamation and to unite in the work of eliminating unnecessary waste to our diminishing forests and to consider the need for remedial measures against their depletion of an essential and natural resource. J. A. WHITEHURST, President, State Board of Agriculture.

Farm Short Courses Offered. Stillwater, Okla.—A one-day special short course in agriculture is to be offered high school students who come to the A. and M. College the first week in May to attend the state interscholastic meet, according to announcement of M. A. Beeson, dean of the school of agriculture. May 3 is the day fixed for the course. Members of the Aggie Society, composed of students of the school of agriculture, will give a banquet that evening, in honor of visiting short course students.

Swift & Co.'s Bulletin. Chicago.—Bad roads, due to rainy weather, have held back considerably the receipts of eggs, and as a consequence, the market has shown some advance. The general opinion seems to be that production is very heavy and prospects are favorable for heavy receipts in the next few weeks, which will possibly bring about lower values, as the present level seems to be higher than the consuming trade cares to pay. Bad weather conditions have resulted in a smaller quantity of butterfat being marketed, and as the demand for butter is very heavy at the present time, the market has shown some advance. The present

rains, however, should mean better pastures and heavier production within the next few weeks, resulting in lower prices. There has been a good demand in the past few weeks for live poultry for the Jewish holidays, but with these now past, the general tendency will be for lower values.

1000 Visitors For District Meet Are Expected This Week

Many young people will be in Ada Friday and Saturday to attend the district track and field and literary meet. It will be necessary for hundreds of these young people to find places to stay Friday night in private homes. It is requested, therefore, by the college authorities that all who can accommodate one or more of these young people, call the college and list their names. The visitors will expect to pay for the rooms. There will be approximately 1000 pupils and teachers here, it is believed.

OIL NEWS

I drain and wash your crank case with lubricating oil—not kerosene. First, kerosene is dangerous.

Second, you leave about a pint in the crank case and that will burn out all the lubrication of the new oil before it evaporates.

I handle GAS—not kerosene, and the oil that lubricates, not crude oil. I handle the best.

36-Inch Everfast Suiting is a mer

ING TODAY BRING FIGHT TO CLOSE

(By the Associated Press)

DETROIT, Mich., April 17.—Detroit's special municipal election held today will decide whether the street car war, waged almost continuously in one form or another for nearly 30 years is to be brought to a close.

The voters today were deciding whether the city should purchase at cost of \$19,850,000 all the line of the Detroit United Railway within the city for incorporation in the municipal railway system. The citizens also were called upon to vote \$1,000,000 worth of street railway bonds as the first payment to the Detroit United. The remainder of the purchase price would be paid at the rate of \$1,000,000 a year, under the agreement signed some time ago by the city and city officials.

The fight between the city and the street railway company has come to an institution in Detroit. It has lasted virtually every municipal election for nearly a generation.

If the voters adopt the sales plan at the polls today Detroit will have the largest municipal railway in the world. The system would compare \$76 miles of track.

The effort in behalf of a municipally owned street railway system bore fruit about two years ago when the voters approved a plan for a concern intended to operate in competition with the D. U. R. A. series of suits were filed by the D. U. R. contesting validity of the election. Many of them were carried to high courts of the state and nation but the city won in each case.

About 100 miles of city owned track has been laid and the municipal system has its own cars and other equipment. At present city and company owned cars are operating jointly on two important lines upon which the company franchise expired some time ago.

Saginaw, Mich., is voting for the ninth time today on a proposition to spend \$2,800,000 for a new water works system.

SUMMERS CHAPEL.

We are still having lots of rain and little sunshine.

A sand storm visited this section Monday.

Mrs. George Wood, Mrs. Bertha Stone and little daughter, Pauline has scarlet fever.

Mr. and Mrs. Ed. Tison's children are also sick but are better now.

Monroe Summers, L. D. Haskins and Veld Burns have all made them a dugout during this rainy weather.

Mr. and Mrs. Boliver Haskins and little daughter, Elvora are visiting his brother L. D. Haskins and family.

Miss Agnes Bindman spent Sunday with Fannie Malloy.

Miss Goldie Greeger spent Sunday with Mamie Burns.

Bro. and Mrs. Sulton visited in the home of Mr. and Mrs. Tom Magill Sunday.

Mr. and Mrs. J. H. Burris visited sister Mrs. George Dean Sunday.

Miss May Flowers spent Sunday with Clemmie Light.

Miss Annie McIntire spent Sunday with her cousin, Beulah McGarr.

Miss Pearly Hightower spent Sunday with Sybil White.

Mr. and Mrs. Willard Ingram spent Saturday night and Sunday with her mother Mrs. M. R. Wood.

Mr. and Mrs. Laurence McDonough Yeager spent Friday night with her mother, Mrs. Sutton.

Lots of people are having to plant corn over on account of the rains.

Mr. Woods, L. D. Haskins and Mrs. Stone made a business trip Saturday and came near getting water bound.

Everybody remember Sunday school every Sunday morning don't forget to come.

Stone of Knox preaches here Saturday night, Sunday and night. Everybody come and night. Everybody come and night.

THE COTTAGE GARDENER

ENRICHED SOIL WILL PRODUCE GOOD CROPS

Well Fertilized Plot of Ground, With Reasonable Attention, Is Sure to Give Satisfaction to the Grower Who Will Keep the Weeds Out and Provide Sufficient Amount of Moisture.

RICH SOIL SURE TO GET RESULTS

Danger in Use of Too Much Commercial Fertilizer; May Injure the Plants.

AS TOP OR SIDE DRESSING

May Be Mixed With Soil Along Rows During the Period of Growth—Mixtures Containing Much Nitrogen Are Favored.

A limited quantity of high-grade commercial fertilizer can be used to advantage on garden soils even where a considerable supply of barnyard manures have been applied. Commercial fertilizers act quickly and can be used to special advantage where it is desired to mature crops in a short period of time.

The best results can be obtained by the use of fertilizer on land that is well filled with organic matter. However, fair results may be obtained by the use of fertilizer on land that has not been manured and which is deficient in organic matter, according to the United States Department of Agriculture.

The great danger in the use of commercial fertilizers is that too large quantities may be applied and cause injury to the plants. It must be borne in mind that commercial fertilizers are a very concentrated form of plant food and, therefore, should be used in moderation.

Amount Needed in Garden.

Market gardeners frequently use as much as 2,000 pounds of commercial fertilizer on an acre of ground. This would be at the rate of about 4 or 5 pounds to a plot of ground 10 feet in each direction or 100 square feet. Assuming that the average backyard garden is about 30 by 60 feet in size, 50 to 70 pounds of standard, high-grade truckers' fertilizer would be all that would be safe to apply on a garden of those dimensions. Under most conditions 50 pounds will be the maximum amount to use.

Commercial fertilizers are usually put up in sacks containing 100, 167 or 200 pounds, and a good plan would be for two or more gardeners to join together in buying fertilizer.

Methods of Application.

There are two or three methods of applying commercial fertilizers. The first and most common is by scattering the fertilizer broadcast over the land after it has been plowed and harrowed, then giving the soil a second and even a third harrowing to mix the fertilizer with it thoroughly. Another method is to apply the fertilizer underneath the rows, the plan being to open the furrows, scatter in the fertilizer, then, by means of a single-shovel plow or wheel hoe, thoroughly mix the fertilizer with the soil in the bottom of the furrow. The surface soil is then returned and no seeds are planted for a few days until the fertilizer becomes thoroughly incorporated with the soil.

The third method of applying commercial fertilizers is to use them as a top or side dressing along the rows of plants during the period of growth. Nitrate of soda and fertilizer mixtures containing a considerable percentage of nitrogen are generally used for this purpose. When using fertilizer as a side dressing care should be taken that it is not applied too near the base of the plants, but at a little distance from the row, and then it should be cultivated into the upper 2 or 3 inches of

soil, so that the small feeder roots of plants will gradually reach it.

Elements in Fertilizers.

The three main elements of plant food contained in commercial fertilizers are phosphoric acid, nitrogen, and potash. Nitrogen has the effect of stimulating the leaf growth, and phosphoric acid and potash have a tendency to increase root growth and to mature the seeds of the plants. Root crops and potatoes require a reasonable amount of potash. Corn, beans, and others of the garden crops, which are grown for their pods or seeds, want a sufficient supply of phosphoric acid, while lettuce, celery, Swiss chard, and others of the salad or leaf crops require plenty of nitrogen. The safest plan, however, is to apply an all-round or complete fertilizer having approximately 8 per cent phosphoric acid, 4 or 5 per cent nitrogen, and 2 or 3 per cent potash on land that is to be devoted to general garden crops.

RICH, SANDY LOAM FOR BEETS

Seed Should Be Sown About Time Last Frosts Are Due; Ready for Use in Few Weeks.

Garden beets may be grown in any good soil, but thrive best on rich, sandy loam. The seed can be sown about the time the last frosts are due, and the young beets will be ready for use in 4 to 6 weeks.

Later plantings will give a succession and provide beets for winter storage. The seed should be sown in a drill with about 8 or 10 seed balls to the foot. It should be borne in mind that each seed ball contains from

Young Beets Make Good Greens.

1 to 6 seeds, and that the beets will require considerable thinning. The young beets that are pulled out in thinning may be used as greens during the early spring. Where the beets are to be given hand cultivation entirely, the rows may be placed as closely as 12 to 14 inches apart and the plants should be thinned to 2 to 3 inches in the row.—United States Department of Agriculture.

DRAINAGE IS IMPORTANT

Garden land inclined to be wet should be thoroughly drained before crops are planted upon it. If tile drains or open ditches cannot be provided, the next best thing is to plant the crops on slight ridges, so as to get their roots above the water table in the soil.

Education Is Facing Supreme Test, Brooks Declares In Speech

NORMAN, April 17.—(Special)—"Education is facing the crisis of its existence now and during the next five years," Dr. Stratton D. Brooks, president of the University of Oklahoma, told the members and new initiates of the Oklahoma Phi Beta Kappa chapter in an address at the initiation banquet of the scholastic honor fraternity.

President Brooks based his statement upon a set of conditions which he outlined by saying: "Educational institutions not only here but in every state of the union, from universities down to district schools, are finding their enrollment enormously increased. A greater proportion of our people than ever before are now seeking education."

"Enrollment in the high school of New York City increased 30 per cent this year. As an example from our own school, one little town here in Oklahoma that has usually sent about two graduates a year to the university this year is graduating a class of twenty and eighteen of them are planning to come to Norman next fall."

"Endowed schools," he observed, "are putting up the bars to the influx of students, saying we will take only so many students this year, that's all we can take care of. The result is that the whole wave of new students is thrown back upon state educational institutions to take care of."

"The situation is complicated," he continued, "by the fact that we are in economic slump, cannot levy more taxes on people already unable to pay them."

But referring to the fact that taxation in many parts of Oklahoma now amounts to as much as \$45 per \$1,000, the president called attention to the point that \$44 of the \$45 are local taxes, that only the remaining dollar is state tax, and only a few cents of it is called for by the state school expense.

ONE MAN KILLED WHEN OLD FEUD BLAZES AFRESH

WETUMKA, April 17.—(Special)—One man is dead and another wounded in the arm as a result of a shooting affair here early Saturday night between the local sheriff, town marshal and city night watchman, who engaged in a pistol battle with two other men, in an attempt to disarm them. G. W. Wilkerson was the man killed and Bert Sharpe, brother-in-law of Luther Harrison of Holdenville, is the wounded man. All participants are residents of this city.

Many rumors are afloat as to the cause of the shooting, which occurred about 10 o'clock directly in front of a local newspaper office. It is the general opinion, however, that the affair is the result of a long standing feud between two local men and that the shooting occurred when the two men, friends of one of the two principals, refused to submit their arms to the officers. Officers declare that the two men, who were seated in an automobile, fired the first shot and that they returned the fire, killing one and wounding another.

Feeling is running high here, with friends of both factions drawing apart. Officers fear that more trouble will result from the affair. On charges have yet been filed but action was expected to be taken today or early tomorrow. Herbert Dodge, local justice of the peace, is mentioned as one of the men connected with the trouble leading up to the shooting.

Baseball Game Delayed.

The East Central baseball team did not go to Wetumka today as planned on account of a shooting affair which occurred there last Saturday night. The game has been postponed until Tuesday. Coach Thompson and his men will leave at noon tomorrow. He is playing a return game with Wetumka high school.

Common Sense About Eczema and Eruptions!

Here's Something About S. S. S. That You'll Be Glad to Hear.

You might just as well know it right now—the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it.

When the cause of skin troubles and eruptions is in the blood, it isn't common sense to simply treat the skin. A bottle of S. S. S. will prove to you what is happening in your blood. S. S. S. is a scientific blood cleanser—it drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S. S. S. is also a powerful body-builder, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

CRIME AGAINST LOVE TO BE FAT

Dr. Lulu Hunt Peters.

"It's a crime to be fat—a crime against love." That is the law as laid down by Dr. Lulu Hunt Peters, physician, authority on diet and former chairman of the public health committee of the California Federation of Women's Clubs. "It's a crime against love because a fat person is not lovable," she says.

Lloyd George Says Conference is Now Almost Above Water

(By the Associated Press)
GENOA, April 15.—Mr. Lloyd George summed up this afternoon what appeared to be the general view of the progress of the Russian negotiations at the economic conference, employing one of the similes he so frequently uses. "We are building a bridge across the stream," he said. "We have driven some of the piles, we are

now in the deepest part of the current and are driving them into the mud at the bottom. The bridge is not yet above the water, the piles are firmly fixed and we are still hammering at them."

The pioneer of the chain stores was the Great Atlantic and Pacific Tea company, started in 1859, which now has 807 stores.

THE MERRY JOURNEYS OF MARY JANE

The Queen
of the
Butterflies
Goes Shopping
with
Mary Jane

"Have to buy a new diamond necklace for Queen Mab," said Queen Golden Wings to Mary Jane

ONE day Mary Jane met Angelique Golden Wings, Queen of the Butterflies, who had great golden spots all over her velvet brown wings and eyes that shone like diamonds.

The Queen said, "Mary Jane, I have to buy a new diamond necklace for Queen Mab, for when she gets married next month. Come with me and help pick out a good one."

Mary Jane said she would be very glad to. So they went together down to where the little spring bubbles from under the roof of an old elm tree, and they watched the diamonds being made by Old Mother Nature.

All of a sudden Mary Jane called Winnie Wigglefoot, the wood nymph who had charge of the diamond manufacturing, and they told her what they

wanted, and they pointed out a diamond.

And Winnie Wigglefoot said, "You are perfectly welcome to anything in my shop."

So they wrapped the diamond up in a beautiful green leaf and took it back with them. When they passed Mary Jane's house the Queen of the Butterflies said how very hungry she was, and how she would love to have some delicious Mary Jane Syrup for lunch.

Mary Jane went into the house and brought out a pitcher of Mary Jane Syrup and poured out a lot on a leaf for the Queen of the Butterflies to sip, and spread a great big piece of bread for herself. Then they sat down and had a regular feast, while they planned what kind of a dress they would wear at the wedding of Queen Mab.

FREE For all children. The complete set of 12 NEW Mary Jane Fairy Tales, beautifully illustrated, sent free on receipt of one Mary Jane label taken from a can of Mary Jane Syrup. Write the Corn Products Refining Company, Dept. A, Argo, Ill.

Only Two Things Can Do It

to make your mouth water. One is sliced juicy lemon, and the other is sweet, delicious Mary Jane Syrup. Perfect on pancakes, hot biscuits, corn bread and as a spread for the children when they come home for lunch.

Go to your grocer today and ask him for a can of Mary Jane Syrup. When you say "Mary Jane" to him, he will know that you are an excellent judge of quality syrup.

side Tales.

A Dog Tale.
An oak leaf fell upon my foot
To walk I wasn't able—
"Was solid oak—I'll say it was—
From our extension table."

McCormick Still Improves.
NEW YORK, April 17.—John Mc-
Cormick, the tenor, ill from a se-
rious throat affection, continued to
improve today, his physicians an-
nounced.

MRS. MARY A. SPENCER, of Watertown, N. Y., aged 75, who declares she gained fifteen pounds on Tanlac and feels just fine all the time. Was in badly run-down condition.

"Just think of it, at seventy-five years of age to be made well and strong again and gain twelve pounds in weight, but this is exactly what I did after taking Tanlac. Not only that, I feel years younger," said Mrs. Mary A. Spencer, East St., life-long resident of Watertown, N. Y.

"For over a year I was in a terribly run-down condition and I was so nervous and restless that many a night I would hear the clock strike every hour. I was able to eat very little and lost strength right along, finally becoming so weak I could hardly walk from one room to the other."

"On account of my age I thought my declining health was natural, but Tanlac has proved that I was mistaken. I can do all my own housework now, I sleep all night long, wake up in the morning feeling refreshed and just feel fine all the day long. Tanlac can't be praised too much."

Tanlac is sold in Ada by M. A. Waits and all leading druggists. Adv.

ROCKY CHAPEL

Rain, rain, rain, everything seems to be soaked up good.

Sunday school was extra good Sunday, a large attendance and much interest taken.

Bro. Cousin preached Sunday at 11:00, and there was singing in the afternoon.

Miss Ida Smith is visiting with her aunt, Mrs. Robertson, near Fitz hugh.

The infant of Mr. and Mrs. Blank-
kenschap is very ill.

Eight pupils from here took the eighth grade state examination last Thursday and Friday.

The examination was held here by Mr. Akers.

Misses Pearl Phillips and Ger-
trude Creech took dinner Sunday
with Miss Gladys Fussell.

Miss Margaret Wyche and daugh-
ter were visiting at Mrs. S. C.
Smith's last Wednesday.

Mr. Clappitt is doing some work
in Ada this week.

Mrs. Ed. Smith was shopping in
Ada Monday.

W. L. Mc Kinley from Vanoss
was in the community last Sunday.
Mrs. Condy Smith has bought a
new cream separator.

Mrs. Webb and Mrs. Chapman
were the guests of Mrs. Alma Foster
last Sunday.

There will be a prize given to the
one who comes every Sunday to Sun-
day and repeats the most verses
from the bible.

There will be church next Sunday
every body come.
Sunshine and Smiles.

BYRD'S PRAIRIE

Most of the farmers around here
are having to plant their corn over
on account of so much rain.

Rev. Holland of Stonewall will be-
gin his week's meeting here Tuesday
night. Everybody come and bring
some one with you.

Mrs. Emma Roe took dinner with
Miss Hester Smith Sunday.

Tom Rogers and family were visit-
ing with W. T. Burgess Sunday.

We are still having prayer meet-
ing over here. Why don't some of
you good people come and visit us?

Roger Allen spent the day with
Claude Harkins last Sunday.

Misses Eunice Andrews and Gen-
ah Scott of Centraloma were visit-
ing with Miss Lillie Teel the past
week.

W. J. Harkins will fill his regu-
lar appointment next Sunday, April
16.

J. S. Burgess of Allen, Okla., was
visiting with his brother, W. T.
Burgess the past week.

Rev. Gullet of Pumpkin Ridge
filled his regular appointment here
last Sunday, April 9.

Will Anderson and family were
visitors of G. L. Clark, Sunday.

Come to the best Sunday school
in Coal county every Sunday.

Miss Jewell Shockley was visit-
ing with Miss Edna Burgess Sunday.

Singing every Wednesday night.
Everybody is welcome to come—
Two Chums.

W. E. (Pussyfoot) Johnson was
welcomed in India by princes and
people with honors rarely shown to
any person short of royalty.

EASY TO DARKEN
YOUR GRAY HAIR

You Can Bring Back Color and
Lustre With Sage Tea
and Sulphur.

When you darken your hair with
Sage Tea and Sulphur, no one can
tell, because it's done so naturally,
so evenly. Preparing this mixture,
though, at home is messy and trou-
blesome. At little cost, you can buy
at any drug store the ready-to-use
preparation, improved by the addi-
tion of the other ingredients, called
"Wyeth's Sage and Sulphur Com-
pound." You just dampen a sponge
or soft brush with it and draw this
through your hair, taking one small
strand at a time. By morning all
gray hair disappears, and after an-
other application or two your hair
becomes beautifully darkened, glossy
and luxuriant.

Gray, faded hair, though no dis-
grace is a sign of old age, and as
we all desire a youthful and at-
tractive appearance, get busy at once
with Wyeth's Sage and Sulphur Com-
pound, and look years younger.—
Adv.

The society of Signers of the
Declaration of Independence is en-
deavoring to collect copies of the
wills of 56 signers.

LODGES

VANOSS.

The spring days have come at
last, we hope. April surely bor-
rowed March's winds Monday. But
the April showers have assured us
that Mrs. Vanoss is on their way.

The Freshmen of Stratford High
school put on a play, "The Clod-
Hopper" last Friday night. It was
a good play and was enacted with
credit to their school.

Mrs. J. J. Shaw returned home
Friday, from visiting her mother,
Mrs. John Bird of Sulphur, who
has been seriously ill.

Miss Pett Watts, who has been
ill has returned to resume her teach-
ing.

Mrs. John Cissna of Oklahoma
City is visiting with her parents,
Mr. and Mrs. Charles Woods, this
week.

Pence Shaw is leaving Wednesday
to go to the soldier's hospital at

DOINGS OF THE VAN LOONS—If You Have Any Enemies Take Them to the Ball Game—

By F. LEUPHAGER

"LIFE OR DEATH OF HALL" IS BELIEF

Civic Leaders Urge Heavy Attendance at Meeting On \$100,000 Project.

Tonight's meeting at the City Hall means life or death for the proposed Memorial Convention hall.

This was the verdict today of civic leaders who, not the least discouraged over the fact that only a small crowd responded to the call for a mass meeting last week, began today their efforts to get out a representative attendance tonight.

Unless the city shows some interest in the project, one way or another, tonight it probably will be dropped some leaders predicted. American Legion men were mentioned in a special appeal framed by Gib Polly, local post commander, who is urging that every former soldier in Ada appear tonight and express his views on the matter. A tentative drawing of the building is on display in the window of the M. C. Taylor and company on Main street.

Civic clubs all were planning to send out a big delegation tonight. The Lions club, Chamber of Commerce, American Legion, Red Cross, Boy Scouts and others will be out in numbers, last reports this afternoon indicated. The meeting will open at 8 and is expected to attract considerable attention. Lodges and churches were urged to make announcement of it at their recent meetings.

7 PERSONS KILLED IN TORNADO PATH

(Continued from Page One)

age to the bridges below.

The Rock Island passenger train due from Chicago at 6:30 this morning is being held at Moseville. The break occurred on a high embankment at 4 o'clock this morning despite efforts of laborers to prevent it. The break in the Upper Free Bridge will stop traffic there for an indefinite period. This is not a railroad bridge, however.

CENTRAILIA, Ill., April 17.—Unverified reports stating that seven persons were killed and 35 injured, some seriously in the tornado which struck this section early today, have been received here. One woman was killed instantly at Lake Centrailia, 10 miles north of here.

One Baby Killed.

One baby was killed and two persons in St. Mary's hospital in a critical condition as the result of the tornado which struck Irvington, south of here, about midnight Sunday, hospital attendants reported here this morning.

A number of others injured, the definite number not being learned early today, remained in Irvington. The majority are not considered serious.

Reports to telephone stations here and from unconfirmed railroad sources declared a twister cut a swath a block wide and about a mile long in the vicinity of Chooksville, which is located on the Southern railroad. Telephone companies said linemen were working to restore a mile stretch of poles which were laid low by the wind. No other damage was reported in that section.

Eastertide Draws Heavy Crowds Out To City Churches

Overflowing churches yesterday in Ada indicated unusual interest in Easter services which were characterized by special music, instrumental and choral, and appropriate sermons on the significance of the Resurrection.

Seating capacity at the First Baptist church was inadequate to hold the crowds which turned out for the Eastertide worship yesterday morning, at which Knight Templar Masons, in full uniform, were special guests. Choir music, solos, and quartet selections under the direction of Prof. A. L. Pentem, opened and closed the service.

At the First Methodist church last night, Director C. C. Ballad's choir sang to a packed house. Both the main auditorium and the Sunday school room were used and many persons were unable to get seats. The "Cross and Crown" cantata was rendered with marked effect.

SEMENOFF GOING TO RENEW FIGHT UPON SOVIETS?

(By the Associated Press)

WASHINGTON, April 17.—Suggestions that General Semenoff of Russia, now in jail in New York, was en route to Paris for a meeting with Grand Duke Nicholas to plan a counter revolution against the soviet regime in Russia, was made by Immigration Inspector Zurbick at Van Couver, in reply to immigration bureau following his examination of the Russian officer.

The report of the inspector laid before the senate labor committee today by Commissioner General Husband of Immigration, stated that advice of the anti-bolshevik leader to the United States was the only course the immigration authorities have pursued.

The Slave of Love

By CLARE SMITH

Copyright, 1922, Western Newspaper Union.

"Where did you pick up that man, Glennon?"

Many a time was the head bookkeeper of Porter & Co. asked the question. Invariably a quizzical, and then a certain far away retrospective expression would come into his face. Seriously almost tenderly he would reply in a certain subdued tone:

"Uh, I came across him incidental-ly."

"He's got his footing mighty solid—a cracker-jack in his line, sure thing!" Then a glow of pride would illuminate the habitually serious face of Harvey Glennon.

He had reason to distrust himself. The love of strong drink had been inherited, he was a natural born gambler and all through his life there had been periodical spells, where he had "broken out." He would go away secretly, indulge the propensity that was an appetite with him and return to work haggard and hunted looking, not even his pretty daughter, Irene, questioning his statement that he had been on a visit to his boyhood's home.

But Ernest Dawson knew—knew, and with sealed lips anxiously, loyally watched the man he loved and respected.

It was in the midst of one of his reckless bouts of dissipation and at a notorious gambling resort. Glennon, flushed with wine, had played away his last dollar in cash and was just about to give his note to make a new bet, when Dawson, the handy man about the place, burst in upon them with the stirring words:

"The police!"

Glennon felt his arms seized. He was hurried down a dark passageway, into an alley and led to the nearest street to recognize his guide as Ernest Dawson.

"What does this mean," he had asked bewilderedly.

"A false alarm! I have saved you at the risk of losing my position," was the ready answer. "You remember tossing me a liberal tip a week ago when you had won a big sum? It came to me when I needed it most, to send to my poor old mother. Tonight when I saw how those swindlers were leading you on into their clutches, I sprang the false signal of a raid. Do not be offended, but I feel I have saved you from ruin, for once they got you indebted to them they would pursue you to the limit. That is their system."

The result was that Glennon realized that he had grazed a precipice. The further result was that he interested himself in young Dawson. Behold! at the end of five years no further lapses from strict attention to duty on the part of Glennon, and Dawson in a position of trust and responsibility, with money saved up in bank and—in love with the daughter of his benefactor.

Dawson had never told his love for Irene who seemed to have only a kindly interest in him, but hope irradiated his life. Then came a cloud dark, foreboding. Glennon "broke out" once more. He was gone for a week. Dawson hunted him up, got him back into normal trim and concealed from everybody the truth.

Then one day Glennon was taken ill and removed to his home.

It was a week later when the head of the business house came to Dawson with a serious look upon his face.

"I want you to go over Mr. Glennon's books," announced Mr. Porter, to the utter stupefaction of Dawson.

"Oh, sir! you do not mean to say that there is anything wrong?" uttered Dawson in a gasp.

"I fear there is a shortage of \$3,000 in the cash."

Daylight was streaming through the office windows when Dawson completed his task of going over the books. He sat back with gray blank despair on his face.

"It is true—too true," he mourned.

He could readily surmise what had happened. A swindling crew had got Glennon into their clutches. They had obtained some hold on him. In his desperation Glennon had used the money of the firm.

Dawson arose to his feet. He wandered about the streets till 10 o'clock. Then he entered a bank.

When he returned to the office he had most of his savings in bank bills—\$3,000.

"I find a deficit in the cash, as you have said," he reported to Mr. Porter. "Mr. Glennon has been troubled, out of sorts for a long time and may not have been as systematic as usual. Have you looked through his desk, Mr. Porter?"

And they looked, and the money was found, and so far as Mr. Porter was concerned, Glennon was vindicated.

There came a day when the convalescent Dawson explained everything.

"Oh, my friend!" sobbed Glennon; "you have saved me. But I—"

"Will go back to work when you are well enough. We only know—"

"And I!" spoke Irene Glennon, stepping into view. "Oh, I would be a slave for life for what you have done for us!"

"Yes, the slave of love—my cherished wife, if you will," spoke Dawson fervently, "together to shield this dear old man from all of evil."

And so, love guarded the secret, and so, Harvey Glennon took to his soul a lesson that purified it.

The flag of Denmark, a plain red banner bearing on it a white cross, is the oldest flag now in existence.

OKLAHOMA WEATHER.
Fair tonight, colder except in northwest portions; frost in north and west portions; Tuesday fair.

Obituary

W. E. (Gene) Martin died at his home five miles south of Ada Saturday at 6 p. m. Funeral services were held Sunday afternoon with Rev. Page officiating. Burial took place at Rosedale cemetery. Mr. Martin was 37 years of age. He leaves a widow, two children, two brothers and a sister.

Funeral services of John C. Rushing, who died suddenly last Saturday morning at his home in Francis, were held in the Francis Church of Christ Sunday with Rev. Willingham in charge. Burial took place in Cedar Grove cemetery.

Mrs. Leonard, mother of Mrs. M. Haynes of Bebee, died at her daughter's home late Saturday afternoon. Funeral services were held at Bebee Sunday, and interment took place in Bebee cemetery.

Armstrongs Entertain.
Mr. and Mrs. Percy Armstrong entertained a number of young people at their home on East Tenth street Saturday evening. Cards and other games furnished entertainment. Refreshments were served to the following: Misses Roberta Allen, Pauline Knotts, Chloe Smith, Anne Louise Shaw, Katherine Griffith, and Messrs. Almes Statler, Bill Crawford, Sam Little, and Clyde Newton.

Stratford Girl Dies Suddenly in Local Depot Early Sunday

Miss Mattie Moore, who lived west of Stratford, died suddenly in the Frisco passenger depot at 5 o'clock Sunday morning, while returning to her home from a hospital in Sherman, Texas. She was accompanied by her father.

The body was taken to the home near Stratford and the funeral was to be held today at Stratford cemetery. Miss Moore had been very ill but up to the time of her death was showing signs of improvement. She took suddenly after arriving on an early morning train, and died before she could be taken to a hospital.

Clothing Firms May Help in Search For Kin In Suicide Case

Word was expected today or tomorrow from Pennsylvania in connection with the death of C. Robert Miller, who ended his life in a local rooming house last Thursday. The body is still being held at the Criswell-Myers chapel, and until efforts to locate the man's relatives have proved futile no arrangements for burial will be made.

Two clothing firms in Connellsville, Pa., the labels of which were printed on a tie and hat worn by the man, were notified, and asked to help in finding the man's people. It is expected they will reply to the query this week. In case his relatives cannot be found, the case will be turned over to the county.

PROVISION FOR NAVAL RESERVE ELIMINATED

(By the Associated Press)

WASHINGTON, April 17.—Agreement was reached today by Secretary Denby and Chairman Lasker of the shipping board for elimination of the provision in the pending administration ship subsidy bill for a merchant marine naval reserve. Organization of an adequate naval reserve will be left to separate legislative treatment in measures to be provided by the navy department.

Record Vote Upon Increase in Navy Made Sure Monday

(By the Associated Press)

WASHINGTON, April 17.—Taking of a record vote in the house this week on an amendment to the navy bill increasing the enlisted force during 1923 from 67,000 to 86,000 was made certain today when Chairman Madden of the appropriations committee and Representative Byrnes, ranking democrat of the subcommittee which presented the bill, announced themselves in favor of the new vote.

SAVINGS MANAGER IS CHARGED WITH FORGERY

(By the Associated Press)

KANSAS CITY, April 17.—Ray O. Douglas, secretary and manager of the Jackson county Savings and Loan association, who is alleged to have misappropriated \$450,000, was charged with first degree forgery in three cases filed today by the county prosecutor.

POOR WORK COST ENGRAVERS JOBS, MAGAZINE SAYS

(By the Associated Press)

WASHINGTON, April 17.—Poor quality of money and securities printed by the bureau of engravers and printers—making counterfeiting easy—was declared yesterday by the "Plate Printers," official organ of skilled printers employed by the bureau, to have led to the removal by President Harding of more than two score officials. The currency paper published a formal statement by officers of the union endorsing the charges.

Ponca City.—Ponca City soon will have a water supply of 3,500 gallons a minute, according to estimates of engineers who are preparing to sink a deep well here. The maximum estimated demand is 2,100 gallons.

IN BETH'S HOUSE

By MILDRED WHITE

© 1922, by McClure Newspaper Syndicate.

Godfrey Westlake's two sisters sat looking at each other in consternation.

"I thought," said Ellen, "that Godfrey was far past the impressionable age, and now that he has actually taken a fancy to this queer Elizabeth Warren, it is trying indeed, to find her so unsuitable. You know, yourself, Mary, that Godfrey is positively fastidious in his tastes. Of course this Warren girl—pardon me, Mary, but I am quite impartial regarding this matter—this Miss Warren is presentable enough, and has undoubtedly been well brought up, but the plain little house that she persists in living in—can you or I see happiness ahead for Godfrey, if he makes that woman his wife?"

"No, I can't," snapped sister Mary. "and what's more I know he would be positively unhappy. I happen to have seen the inside of Beth's house."

"Beth's?" queried the elder sister.

Mary nodded. "Beth" is what the townspeople affectionately call her. The interior of her small place is homelike enough, but the decorations—"Atrocious taste," she exclaimed.

Ellen sighed. "Has he," she glanced up quickly, "seen this Beth's house?"

"No," Mary answered thoughtfully. "Mrs. Winthrop, who introduced the two while Elizabeth Warren was visiting her, has since arranged that they meet there. Under one pretense or another, Mrs. Winthrop invites Godfrey to dinner, or to drive, or to form one of a party of four at the theater, until he has become interested in the girl as Mrs. Winthrop intended he should."

"She endows Miss Warren with all the virtues and is constantly singing her praise. I think Godfrey's fine position may be responsible partly for his popularity. It would certainly be an enviable position for an ambitious girl to share."

"We," remarked Ellen drily, "have shared it for some time. But, my dear, you need not worry, we are not likely to be dethroned now by that sweetly simple creature. If, as you say, Godfrey has not seen her bizarre home, he will be disillusioned when he does."

"I would not," objected Mary, "call Miss Warren's house vulgar. Crude, rather, in its impossible paintings and wildly embroidered covers."

Ellen was still talking when her brother opened the door and bade them good evening.

"I will not stop for dinner," he said. "I am invited out."

"Mrs. Winthrop wants me to go to Beth's house to dinner," he said.

"Beth!" Mary exclaimed, when her brother had gone, "so it has come to that."

The little parlor of the little house was cozily lighted. Beth left her guests there, while she went to help Cora Linnett in the kitchen.

"Cora Linnett," Mrs. Winthrop explained, "is a poor high school girl whom Beth is helping by giving her a good home for service exchanged."

Godfrey, seated before the piano, paused in the act of turning his music, his gaze arrested by a startling painting of tombstones. Mrs. Winthrop followed his gaze. Then she came, looking over his shoulder.

"I want to tell you," she began, "about Beth and her fineness. That picture, for instance, was painted by a homesick, crippled boy—that she had been kind to, in the hospital. It was his interpretation of the spot where his mother was buried—far over the sea in Ireland. The picture, painstakingly finished, was his dearest possession. Therefore he gave it to Beth. Often she has him brought here for the day and he will sit and look at that picture, blissfully."

Beth's friend picked up the riotous pillow. "And this," she smiled, "is old Nanble's gift of love. Made from bits of satin people brought to her, that her mind and fingers might be busy when her poor body must be still. Beth has her over from the hospital, too, when she can, for a cup of tea. And my! that old woman is proud to see her cushion in the very best chair. I think," said Mrs. Winthrop softly, "that it would make your heart glow, Godfrey, just to see her pride and happiness."

"I could tell you many stories—one for that glinting bead basket, one for the picture in the home-made frame. Beth's little house is as full of heart stories, as full as is her own heart of sweet charity."

Smiling, shining-eyed, the young hostess appeared in the doorway.

"Dinner," cried Beth, "is served for three."

Godfrey Westlake's arm went about the girl's shoulders.

"Let us tell your friend now of our engagement, dear," he said, while to Mrs. Winthrop he added: "One does not always find one's ideal—an ideal, indeed."

Ignited by Water.

The bureau of chemistry says that metallic potassium will burst into flame if water is poured on it. Metallic sodium is another chemical that will frequently ignite if water is poured on it.

Lifeless Enough Now.

A correspondent who while doing his bit in the war picked up a smattering of French, writes: "I don't mind their taking the sin out of the cinema if in doing it they don't take all the 'vie' out of the movies!"

A building fund raised by George Dahlender Post, American Legion, N. Y., has been used to feed jobless ex-service men.

Presenting

La Porte Silks

for

Spring and Summer

A fascinating line replete with suggestions for Frocks, Blouse, Skirt and Gown

Irresistible like the first sweet breath of Spring is the lure of soft, shimmering silks for the woman who desires to be charmingly clad. The sway of silk in fashion is never over. The fashion books for Spring and Summer are specifying silks more prominently than ever.

In our Silk Department we have assembled a line of La Porte Silks for Spring whose beauty and variety will attract the interest of every feminine heart. There are wonderful new creations in washable silks,

both plain and novelty effects, which embody at the same time an unusual durability.

Fashion is indicating for Spring the stright line frocks which lend themselves so easily to the handwork of the woman who sews at home. They are comparatively easy to make up. Just a few yards of silk, a dress pattern, a little bit of trimming and lace, and you can fashion a frock, skirt, blouse or gown that will embody your own individuality and be wonderfully enticing.

Canton Crepe, Crepe Knit, Crepe de Chine, Pussy Willow, Georgette, Pongees, Taffeta, in plain and changeable shades, and other wanted Silks in desirable, attractive colors, at \$1.25 to \$3.95 the yard

STEVENS-WILSON Co.

ADA BOY TO HELP IN MAY PAGEANT AT UNIVERSITY

NORMAN, April 17.—(Special)

On with the May day plans! Robin Hood and all the attendants have been chosen by Her Majesty the Queen of May, Lucile Westfall, Chickasha. Miss Westfall was elected May Queen of the University of Oklahoma in the mid-year election.

May Day has been observed for many years on the campus. The crowning of the May Queen and the dances accompanying it are usually held on the campus green between the Fine Arts building and the Library.

Leo Caley, Vinita, as Robin Hood, will crown the queen this year. The seventy-two attendants are: Marga-

ret Bradbury, Ethel Eaton, Erda Owen, Hazelle Crawford, Mrs. Bonnie Randolph, Ronald Randolph, Henry Conklin, Hugh Stiles and Hershel Clevenger. Norman. Elizabeth Buckridge, Perry Anderson, Ed Waite, Wendell Long, and Donald Brankham, Oklahoma City; Majorie Wright, Leona Robinson, and Robley Evans, Vinita; Margaret Aler, Peet Kramer, Dee McDowell, Dorrance Roderick, George Shelton, and Bob Bates, Tulsa.

Elizabeth Palmour, Dorothy Livingston, and Granville Tierney, Muskogee; Mildred Francisco and Joe Jones, Enid; Earnest Joss, Haskell. Elizabeth Cameron, Henryetta, Maurice Rupert, Sand Springs; Wilfred Morse, Blackwell; Jonnie Wooten, Chickasha; Floyd Haynes, Ada; Dwight Young, Hennessey; Jack Rone, Elk City; Dean Duncan, Forgan; Carl Stille, Benton Ill.; Dave

Phillips, Edmond; Phil Askby, Watonga; Trester Harris, Konawa; Marjorie Calhoun, Purcell; Ernest Self, Carmen; Eloise Sandin, Gussie Lee Sullivan, Ardmore; Lena Allison, Laura Leske, and Lucy Ross, El Reno; Vivian Stewart, Claude Forester, McAlester; Josephine Mitchell, Pryor; Bennie May Chitwood, Wetumka; Bess McCall, Carnegie.

Zella Hart, Crescent; Lucille Lawrence, Houston, Tex.; Pauline Brockmire, Atoka; Marrietta Wallace, Coalgate; Ruby Gist Frederick; Dannie Daniels, Windfield, Kan.; Amy Sparks, Woodward; Inez Bevers, Fairview; Mildred Sapp, Joplin, Mo.; Katherine Peak, Warren Rider, Guthrie; Ruth Sprague, Ralph Allen, Lawton; Howard Marsh, Chalmers Hutchinson, Ft. Worth, Tex.; Gene Weirich, White City, Kan.

We Want to Give You a Stove Free

Wouldn't you like to receive the very latest model Gas Range free? To get this fine stove without any cost to you?

To get this beautiful Range, free, installed in your kitchen, merely show us that you are using the oldest model Gas Range in town and are willing to exchange it—an even swap—for the handsome up-to-date Range illustrated in this announcement. If you are using an old model Gas Range and are willing to exchange it for a beautiful new stove, call at our Stove Department and obtain one of our "Oldest Range Contest" blanks. Fill it out, giving the number of stove, the name and the year manufactured. Then, if you are using the oldest range in town you get, free, the beautiful

DIRECTACTION Gas Range with LORAIN OVEN HEAT REGULATOR

Stop at our window. Examine the handsome, enameled construction, lovely as finest china, strong as steel, as easy to keep clean as your best dishes. It is the wonderful "Direct Action" principle which we are demonstrating daily in our stove department.

Then observe in particular the Red Wheel of the "Lorain" Oven Heat Regulator that is advertised in all the leading magazines. The "Lorain" is pronounced by all as the greatest invention ever made to ensure women perfect cooking and baking results at all times. It takes the guesswork out of cooking.

Just think, you get this modern fine stove that will cook dinner for you while you are miles away—if you are lucky enough to have the oldest Range in town. If you haven't an old model Range, perhaps you know a friend who has one and would like to enter our "Oldest Range Contest". If so, show her this ad.

No strings or obligations. It's an even exchange. Remember the date we give this range away is (give date)

HAYNES HARDWARE COMPANY

ADA, OKLAHOMA

New Life and "Pep" for Tired, Nervous Worn-out Women!

Let This Amazing Free Test Prove How Quickly IRONIZED YEAST Increases Energy

FREE!

Are you a victim of that dreaded "tired feeling"? Does ordinary physical or mental exertion leave you "all in"? Are you nervous, irritable, thin or run down? If so, mail the coupon below for the famous Three Day Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then watch the quick results!

The reason IRONIZED YEAST brings such remarkable results is because it embodies a new scientific process which enables yeast to bring its great benefits often in just half the usual time.

Yeast alone is good, but tests show that it needs some other agent in order to quickly convert its wonderful health-building elements into firm tissue, rosy cheeks and sparkling vitality.

The New Process

Everyone knows that iron is of wonderful value in converting our food into living cells and tissue. So working on this problem, our scientists finally discovered the wonderful process of ironization—the process through which the combination of Yeast and iron becomes 100% efficient.

IRONIZED YEAST Tablets

THE ONLY YEAST THAT IS GENUINELY IRONIZED

Note:—IRONIZED YEAST is sold at all Drug Stores on our guarantee of complete satisfaction from the first package or your money refunded.

Do not think, however, that any combination of yeast and iron will do. Yeast brings its best and quickest results only when it is treated through the scientific process of ironization. And this process is embodied only in IRONIZED YEAST, the one scientifically correct yeast treatment.

Make This Startling Test!

You simply will not believe what wonderful benefits IRONIZED YEAST holds for you until you try it. Mail the coupon NOW! Note how IRONIZED YEAST brings an almost immediate increase in your energy. See how quickly your complexion begins to take on a new freshness and charm. Note how it fills you with a new buoyancy—how it gives you a new enthusiasm—how it just seems to completely "youthify" you, and make you glad that you are alive! Mail coupon at once!

FREE TRIAL COUPON

VANISHING CREAM

Irresistibly Different!

THE foundation for the other irresistible Mavis aids to beauty. A snowy cream of the purest ingredients, perfumed with that indescribable, lasting Mavis fragrance.

VIVA AUDOU NEW YORK

NEWS NOTES FROM MOVIELAND

If there is any one in pictures who can look more pathetic or arouse more sympathy than Jackie Coogan we have yet to see him. One can just feel one's heart being wrenched and the tears coming by merely reading the announcement that Jackie is to star in "Oliver Twist."

The producers promise that "Oliver Twist" will be one of the screen's masterpieces, a "big" picture in every sense of the word. Every effort has been made to surround Jackie with a first class cast for this picture.

Frank Lloyd will direct the production.

Mr. Lloyd needs little introduction to the film world. He is regarded as one of the best directors in the game. It was Lloyd who piloted William Farnum through "Les Miserables" and "A Tale of Two Cities."

A new York author writes: "Who would make a better screen Fagin than Lon Chaney, the 'cripple' in 'The Miracle Man'?" Mr. Chaney will play Fagin in "Oliver Twist." Gladys Blockwell will play Nancy Sikes. George Siegmann will portray the role of Bill Sikes and the character of "Monks" has been entrusted to Carl Stockdale.

"The Artful Dodger" will be played by Eddie Treboal of the famous Treboal family of thirteen kiddies—all of 'em in the movies, too. Noah Claypool will be seen in the hands of Louis Sargent. Old Mr. Bumble will be played by big James Marcus. Artists such as Florence Hale, Ardie Herring, Taylor Graves, Eddie Boland, Jones Standing and Nelson McDowell will handle other parts.

Street scenes that follow in every detail with those painted by Dickens in his books have been erected on the "lot." What yesterday was a setting for a "New York street" used by one of the Talmadge girls today takes the color of London's East End.

And Jackie, who is seven and "regular size," is said to be just right for his part, for Dickens said of young Oliver: "Oliver was a lad of nine—small for his age."

Movies Her Pastime

Caroline Rankin, eccentric comedienne of the screen, spends most of her spare time at motion picture theatres.

Improving of City Park Goes Forward Rapidly, Is Reported

Work is progressing rapidly in the city park and those in charge believe it will be a beauty spot within a short time. Flower bed plots are open to all who are interested, and a prize is to be awarded to the individual, organization or body that makes the best bed. The bathing pool is also being put in condition for the coming season and

painting, repairing and general improvement work is nearing completion.

Ralph Waner, manager of the Ada Athletic Association is directing the work. Management of the park was awarded to the association recently and it is beginning to carry out plans to make it a gathering place for all the city. A keeper has been employed and will be on the grounds all this summer.

Yale university has established a course in citizenship for women voters of Connecticut.

Headquarters company of the Oklahoma National Guard stationed here has received its first shipment of equipment from the government. Uniforms are expected any day and it will be only a short time until most of the equipment has been uncrated, officers said today.

IN SOLE

To Give Recital. Misses Willetta Kittell and Nicholson of the Teachers College, are preparing to give a joint recital in the college auditorium Wednesday evening. A cordial invitation is extended to all.

Children Entertain. Lee and Ola May Putman entertained a number of their friends of Glenwood school at their home on West Thirteenth street Monday night. Present were Elora Patterson, May Lawrence, Aline Greamore, Artie Bennett, Ellen Wells, Forrest Shillings, Alma Cotner, Lena Hill, Willie Grace Blocker, Lena Bennett, Rafaela Lopez, Nell Chote, Dewey Thomas, Charlie Curry, Raymond Duke, R. A. Thomas, Ted Rogers and Clyde Cotner.

RADIO

MARCONI REALLY FATHER OF RADIO

Story of the Gifted Italian's Work In Development of Air Communication.

While experiments along the line of radio really started as far back as 1827 and hundreds of scientists were interested in solving the problems involved for many years, it was not until 1896 when Senatore Guglielmo Marconi took out his first patent that the mastery of air communication got its first great impetus. His life history is to all practical intents the history of radio communication.

Senatore Guglielmo Marconi, G. C. V. O., L. L. D., D-Sc. M. I. E. E., was born in Bologna, Italy, April 25, 1874. His mother was Irish, while his father was of a family whose mechanical ability was marked. After an education at Leghorn and Bologna, the young man interested himself in the problem of wireless telegraphy, starting his research in 1895. He went to England and in 1896 took out the first patent ever granted for a practical system of wireless telegraphy, by the use of electric waves. His early experiments in England were made at Westbourne Park. Shortly afterward Marconi saw W. H. Preece and at his request made some experiments for officials of the postoffice. Some further experiments were made in May, 1897, in the Bristol channel, wireless communication being established between Lavernock and Bream Down, a distance of nine miles.

On the invitation of the Italian government Marconi afterward went to Spezia where a land station was erected, which was kept in constant communication with two Italian battleships working from a distance of 12 miles. For this success the Italian government conferred upon Marconi the honor of knighthood. After a return to England further experiments were conducted and on July 20, 1897, the first radio company was formed and two permanent stations erected. In 1898 wireless reports of yacht races in Kingston were made and proved the usefulness and adaptability to which the system lends it-

services at the disposal of King Victor and was given the rank of lieutenant in the Italian army. He was employed on important military missions to England by the Italian government and after this service was transferred as temporary commander in the Italian navy. Marconi visited the United States in 1917 as member of the official mission sent by Italy. In 1919 Marconi was appointed plenipotentiary delegate to the peace conference at Paris, and in this capacity signed the peace treaties with Austria and Bulgaria. He was afterward awarded the Italian military cross.

This very important figure in the wireless world, who has received about all the honors possible for the scientific world to bestow upon him,

Guglielmo Marconi.

including the Nobel prize, has not given up active work, but is even now engaged in radio telephone experiments.

Radio enthusiasts have increased tenfold within the last few months, it appears from a survey conducted by the Associated Press and covering the central west, Kentucky and Texas. At virtually all points from which reports have been received, there are thousands of radio sets, particularly for purposes of telephony, where at most there were hundreds before.

While the sets are used chiefly for pleasure and experience, they are being put to practical uses in many cases. Numerous farmers are receiv-

H. G. Corcoran of Washington, D. C., Needs No Aerial for His Radio Outfit, His Receiving Wire Being Connected to the Wire Springs of His Bed.

self to commercial purposes. In December, 1898, Marconi installed apparatus to provide communication between the South Foreland lighthouse and a lighthouse on the south coast. In 1899 Marconi read a paper on "Wireless Telegraphy" before the Institution of Electrical Engineers in London.

Early in 1901 telegraphic communication was established between two points more than 250 miles distant and at the end of that year Marconi transmitted signals from Poldhu, in Cornwall to St. Johns, Newfoundland. In 1902 he received on board the steamship Philadelphia in the presence of the officers, good messages on the tape when at a distance of over 1,500 miles from the transmitting station and signals at over 2,000 miles. In December, 1902, the station established at Cape Breton, Nova Scotia, under a contract with the Canadian government for transatlantic wireless telegraphy, was put into communication with the Cornwall station at Poldhu and inaugural messages were transmitted to the King of England, the King of Italy and to the London Times. In October, 1903, the steamship Lucania published a daily wireless bulletin from messages received from the Marconi stations.

A powerful station at Clifden on the west coast of Ireland was opened early in 1907 for the establishment of commercial relations with the American continent at Glace Bay. Mr. Marconi's work has been recognized by many governments and seats of learning; he has been decorated by the King of Italy and the late ex-Czar of Russia as an honorary doctor of many universities, including Oxford, Glasgow, Aberdeen, Liverpool and Pennsylvania, besides having received the freedom of the principal Italian cities. In 1914 he was elected a senator in the Italian parliament. He also holds many scientific awards granted by various societies and institutions.

Upon the declaration of war by Italy, Senatore Marconi placed his

ing market and weather reports, and police are receiving bulletins. Sermons, concerts, health talks and style talks are transmitted. Universities and professional operators are co-operating.

Approximate figures are reported from various states and centers indicating the present number of radio sets. According to A. L. Benson of St. Louis, division manager of the American Radio Relay league, about 90,000 radiophones are used in four states as follows: Iowa, 23,000; Missouri, 25,000; Nebraska, 22,000; Kansas, 20,000. In St. Louis alone there are some 2,200. The radiophones chiefly carry concert music, but in many localities farmers have installed them to receive market reports.

Correspondence from Texas reports 263 stat. as in Dallas, ranging in size from 1/4 K. W. to 20 watts, and almost equal numbers in other cities of the state.

Cleveland, Ohio, reports probably 15,000 radio enthusiasts, 1,000 sending stations in greater Cleveland, virtually all amateur, and 10,000 receiving sets used almost nightly. These estimates exclude commercial sets. Cincinnati reports 500 sets.

Indiana has 4,500 amateur radio sets and Indianapolis 1,000 radiophones. Wisconsin has nearly 1,500 stations, and the number is said by Malcomb P. Hanson, University of Wisconsin operator, to be increasing at the rate of five a day. Nearly 1,000 sets are reported in Milwaukee and vicinity.

North Dakota has a number of receiving stations and a few fairly powerful telegraph and telephone sending stations. The North Dakota Agricultural college is planning to install a 100-watt service for farmers. The vacuum tube is displacing older equipment in the state.

Marked growth is reported at Omaha, Neb., by two radio clubs, which have been in existence only six months. The University of Nebraska and Nebraska Wesleyan, co-operating, send to amateurs in Nebraska, South Dakota, Iowa, Colorado and Kansas.

Spring Dress Goods that you will like best

Votaries of fashion claim that the fabrics for Spring must be either for evening wear or sports wear. Here are some of the most striking novelties of the season in both classes of the favorite vogue.

Something Very New Is Everfast Suiting 39c Yard

36-Inch Everfast Suiting is a mercerized linen like wash fabric that is guaranteed.

FAST to soap and boiling
FAST to sun and weather
FAST to everything it encounters
FAST to perspiration and uric acid
—as dress, blouse or suit fabric.

In all the popular spring shades, as mohawk, tan, corn, orchid, green, middy blue, honey dew and Nile.

Dress Linens

36-inch Pure Dress Linens in green, gold, tan, brown, middy blue and veronica, the yard \$1.00

Sheer Organdies

40-inch Sheer-made Organdies in perfect weaves; white only 48c

45-inch to 54-inch Foreign-made Organdies in white, a very sheer and crisp Spring Fabric; ranging from 75c to \$1.49

45-inch Foreign-made Organdies in shades of light pink, gold, veronica, marigold, dark coral tussah, peach, brown, maze and all shades of blue, very moderately priced 89c

Foreign Made Dotted Swisses

30-inch, very high grade and sheer are these imported dotted Swisses, a variety of combinations, white dots on backgrounds of dark rose, navy, and brown, and colored dots on background of white, the yard \$1.75

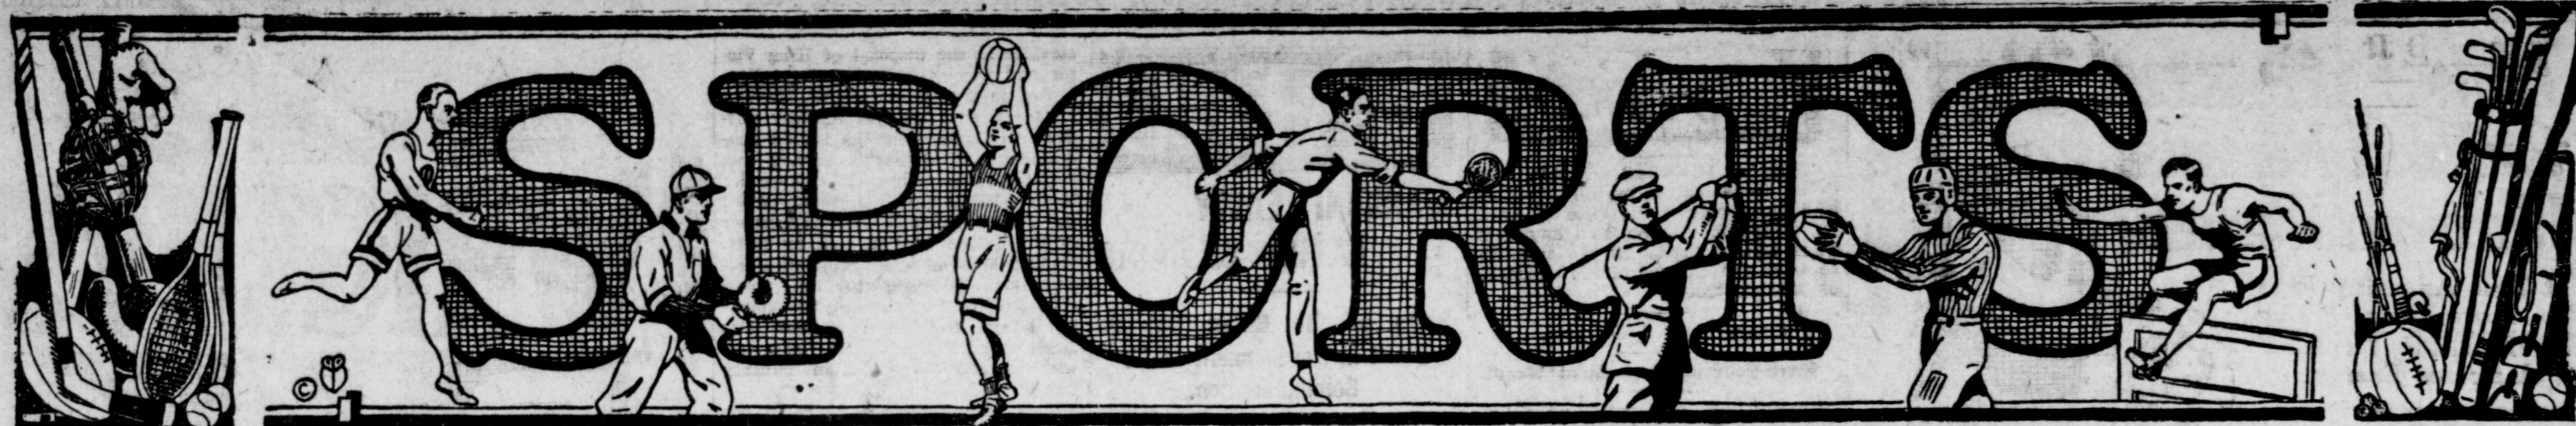

Foreign Made Tapes for Trimming

French Gingham bias lawn tape in checks of black, white, blue and pink, 6 yard pieces, each 35c

Warren's "Prim-Made" bias tape, made of linen lawn in all color combinations. It binds as it trims; and turns corners smoothly; per yard 5c

Ada News 50c month

Thirty High Schools Send Teams to Ada This Week

500 CONTESTANTS FILE FOR EVENTS

Attendance To Be Heaviest In History of District Meet Is Belief.

Ada will be the center of attention for the entire East Central district next Friday and Saturday when school officials of the Teachers college start announcing the ninth annual track and field meet, in which more than 30 high schools will be represented. The city will have between 1000 and 2000 visitors, together with 500 contestants to care for during the meet, according to school officials.

There is little doubt but that the meet this year will be the best in history, it was said, due to the fact that athletics and literary subjects in high schools have been given a big boost during the past year. High schools are turning out a higher class of athletes this year than the average, it is believed, causing more interest in the district meet.

Class A contestants will be here from the stronger high schools while Class B entries will represent the smaller schools. It was also predicted that about 18 or 20 baseball teams will enter the contest for championship. Wetumka was winner last year. Purcell, Allen, Maud and Wetumka are making a big bid for the honors this year. Ada, also, will have its team in the meet.

Must Start Promptly. On account of the size of the meet it will be necessary to start promptly at 9 o'clock Friday morning in the preliminary events. Drawings will be completed Thursday night and finals will be completed Saturday afternoon. Three baseball games will be in progress at the same time all day Friday, one at the college, one at the high school field and one at the fair grounds. In anticipation of a record meet, school authorities have insured against rain.

Okmulgee high school girls' glee club won high honors last year, with more than a half dozen school clubs contesting. The meet will be even greater this year, as practically every leading high school of the district will have either a two part or three part chorus and glee club entered. Wetumka, Henryetta, Ada, Sulphur, Holdenville, Wewoka, Pauls Valley, Okemah, Weleetka and other schools will be represented.

Judges and other officials have been selected. Accommodations for the entries are being arranged for and checking rooms and information bureaus are to be established. Everything possible is being done to permit the meet to go off on schedule.

Tennis Well Contested. Tennis contestants will be here from many state high schools. Girls and boys will feature in this meet in A and B classes. Finals in literary events will be held Friday evening in the college auditorium. Henryetta won the track and field honors last year and is expected to send another strong team this year. Ada high school, with a well organized squad, is expected to win the meet. There will not be enough hotel accommodations for those expected, making it necessary for those with rooms to list them with college authorities.

WOMAN TRAINS IN GYMNASIUM, DESPITE YEARS

(By the Associated Press.) ST. LOUIS, Mo., April 18.—Mrs. Sarah C. Conrad, attends gymnasium classes and plays basketball at the age of 70, and learned to swim when she was 60. She is the wife of John F. Conrad, president of a grocery company here. The couple recently celebrated their golden wedding anniversary.

"I take the gymnasium work because it keeps me young," Mrs. Conrad explained.

"Although I am by far the oldest woman in the class, I get along as well or even better than some of the women who are much younger. Most old people are feeble, not because of their advanced age, but because they do not exercise their bodies," she declared.

"I began going to gymnasium when I was 57. I had been a member of a turnverein when I was a girl, but while I was rearing my family I was too busy to attend. Since I have started the work, I have attended gymnasium regularly twice a week.

"In our class we are given calisthenics and dancing by the instructor, after which we play basketball, volley ball or cage ball. I like all of these sports. They require agility, and I find no difficulty in getting around the floor as easily as the younger women.

"After the game, if there is time, I go for a swim in the pool. I took up swimming ten years ago upon my doctor's advice as a cure for nervousness. I find it helps me a great deal."

Mother's Day

Sitting should be made this week for photos to give mother on Mother's Day, its the popular gift this year.

—Make your appointment now!

Stall's Studio

and one to the winner of the glee club contests. Individual medals will be awarded first, second and third place winners in contests, with a medal to be presented to the best all-round contestant.

Records established in previous meets and as yet unbroken are as follows:

A Class.
100-yard dash, Evans, Maud, 10 seconds, 1915.
220-yard dash, Autrey, Holdenville, 23 seconds, 1916.
440-yard dash, Schlock, O. S. D. Sulphur, 55 3-5 seconds, 1921.
880-yard run, Parham, Wewoka, 2 minutes, 12 seconds, 1920.
Mile run, Hamer, Roff, 5 minutes, 2 seconds, 1915.
22-yard low hurdles, Guthrie, Henryetta, 26 seconds, 1921.
Shot put, Fine, Mannville, 45 feet, 6 inches, 1921.
Discus, Fine, Mannville, 119 feet, 2 inches, 1921.
Pole vault, Norman, Pontotoc, 10 feet, 7 inches, 1921.
High jump, Ritter, Tishomingo, 5 feet, 8 inches, 1916.
Broad jump, Ritter, Tishomingo, 21 feet, 1 inch, 1916.
Javelin, Long, Wewoka, 139 feet, 5 inches, 1920.
Relay, Wewoka, three minutes, 52 seconds.

Following is the list of high schools that have taken the Ada News track and field cup:

Sacred Heart 1913, Purcell 1914 and 1915, Shawnee 1916, Holdenville 1917, Shawnee 1918, Okmulgee 1919, Wewoka 1920, Henryetta 1921.

Winning county teams: Johnson county, 1914, 1915, 1916, 1917; Seminole county, 1918; Pontotoc county, 1919; Johnson county, 1920, 1921.

Class B.
50-yard dash, Sipes, Johnson county, 6 seconds, 1916.
100-yard dash, Colbert, Johnson county, 11 seconds, 1915.
220-yard dash, Colbert, Johnson county, 25 3-5 seconds, 1915.
440-yard dash, Casey, Johnson county, 1 minute, 1 second, 1917.
880-yard dash, Colbert, Johnson county, 17 seconds, 1915.
Broad jump, Cunningham, Johnson county, 16 feet, 7 inches, 1915.
High jump, West, Pontotoc county, 4 feet, 11 inches, 1920.
Discus, Cunningham, Johnson county, 69 feet, 3 inches, 1915.
Shot put, Cunningham, Johnson county, 39 feet, 8 inches, 1916.

THE PENALTY!

Babe Ruth, super-slugger of all time, is now feeling the effects of the suspension slapped on his shoulders and those of Bob Meusel by Commissioner Landis last fall as a penalty for breaking a baseball law by barnstorming. The Big Bambino must sit fidgeting in the grandstand as the Yankees play until May 20.

"DOC" WAITS PAYS PENALTY FOR MISSING FIRST BASEBALL GAME

When "Doc" M. A. Waits, druggist, baseball fan and one of the city's loyal sport rooters, missed the season opener here Sunday when Ada played Wilson & Co., Oklahoma City, 12 innings to a draw, other fans noticed that his box at the ball park was vacant.

When they investigated, the result was the following exchange of communications, made public this morning:

Doctor M. A. Waits, Ada, Oklahoma.

Dear Sir:

"It has been brought to our attention that you have again slumbered while one of the best ball games we expect to have this year was in progress, and that the opening game. We decided last year, after you had slept through a 10 inning game 1 to 0, and then the 18 inning game with Beggs, that probably you had been over-taxed in your labors and would overlook and forgive; but Doctor, this is too much. It is beyond us, Doctor, to understand why a man of your calibre, a sportsman, baseball fan and enthusiast, should go home, get your stomach full of greens and turnips and then lie down and sweetly sleep through a game as we had yesterday. Alas, Doctor, it is too much.

"In order to keep yourself in good standing with us as ball fans, and for the best interest of the ball team, we will expect you to pay in at once the price of your ticket which is 50 cents to Mr. Green the manager, and in the future if you will see one of the undersigned we will endeavor to make arrangements for your ticket in order that the old stall "I went home and went to sleep," will not have to be used.

"Very truly yours,
"Bill Coffman,
"Bud Gregg,
"Ed Harrison,
"Walter Wray,
"Zeke West,
"Jim Walsh,
"Paul Alderson,
"Johnnie McCoy
"Paul Young,
"Ben S. Rutledge."

In his response, addressed to "Bill Coffman, chairman of hi-jackers," Waits responded as follows:

"You gentlemen will please find enclosed my check for 50 cents which you will please place to the credit of Ada Ball club. You will please accept this with my deepest regrets."

By NORMAN E. BROWN

The Old Roman Goes.

Charles A. Comiskey, one of the triumvirate who made the American league and one of the most picturesque and popular figures in baseball, has stepped out of active participation in the control of the White Sox, according to reports. He has turned the control of the club's affairs to his son Louis Comiskey.

If the report is true his passing is regretted. Comiskey will leave after what should have been a career crowned with nothing but success. The world's series scandal of 1919 and the subsequent suspension and trial of half his ball club broke his heart. Those on the inside know that the only blame that can be attached to Comiskey for such a state of affairs was his willingness to take advice of weak friends. He is the last man in the world to knowingly allow crooked men on a ball club.

Comiskey broke into big league baseball as a first baseman. The famous globetrotting Ted Sullivan developed him while managing the St. Louis Browns back in 1883. The inimitable Chris Von der Ahe owned the club. Eventually Comiskey succeeded Sullivan as pilot of the team.

The Old Roman led the team to the pennant in the American Association four consecutive years, 1885-86-87-88.

In 1899 Comiskey quit the Browns to form the Chicago club in the players' league. This outfit blew up in a year. Then Comiskey was signed to manage the Cincinnati Reds, the late John T. Brush engineering the deal.

When the American league was started Ban Johnson, then Comiskey's close friend, prevailed upon him to join the new organization as owner of the Chicago White Sox team.

Six or seven years ago Johnson and Comiskey came to a parting of the ways. This break in their friendship—over baseball matters—weighed heavily on Comiskey.

To baseball writers Comiskey always has been a prince.

at one point; that if a race war comes, it will bring about a union of all colored races against the white, a combination in which the white will find itself outnumbered four or five to one. This is the day of the white man's salvation. With him in a generation or a century at most he must recognize that his period of exploitation of other races is over, and he must learn how to co-operate across racial lines in promoting human progress and in building a more ethical civilization.

Humanity Reorganized.

The most important conflict group in the past has been the nation, but for several decades humanity has been undergoing reorganization along lines of economic, cultural and racial cleavage which in no way respect political boundaries. We may expect that nationalism will play an ever dwindling role and that the coming struggles will follow these new lines of cleavage.

"Economic society has long been international at the top and labor is becoming more and more internationally class conscious. It will no longer avail to shout nationalism and appeal to patriotism and wave old flags before men who observe that the controlling economic classes rally to no standard but the dollar sign; that for example, no considerations of patriotism in the upper strata of society will prevent transfer of merchant ships to the flag which promises the greatest subsidy, the most inhuman working conditions and the largest dividends."

In conclusion, Prof. Jensen said "our national security depends that we shall resolve conflict into co-operation, economically, culturally and racially. The fine art of human living together has no greater foe than ignorance and discourtesy."

BIXBY—Citizens of this town went fishing in the main street recently when flood waters brought with them a large number of fishy visitors. One man caught a six-pound buffalo. Men and boys stood on the runnings of automobiles and speared the fish that swarmed through the shallow water.

JAPANESE POLO COMBINES MANY WESTERN GAMES

(By the Associated Press.) TOKIO, April 18.—Lovers of almost any popular sport enjoyed in the Occident would find an appeal in Japanese polo or "dakyu" as it is called here, for the game seems to be a combination of golf, lacross, billiards, bowling, horsemanship and even football, as it entails considerable risk to the players.

A special exhibition of this game will be played in honor of the Prince of Wales during his visit here, and as the future British ruler is a lover of all sports, particularly horsemanship, he is expected to display keen interest in the contest.

How the game originated is not known, but it has been played since ancient times, and still is reserved largely for young noblemen and officers of the military staff, who are practically the only ones able to acquire an equestrian standard high enough to make the sport exciting.

The contest is held on a regulation course 60 to 20 yards, boarded up at one end of a high fence. In the middle of the field is a small pocket into which the balls have to be thrown. On either side of this pocket are movable discs, which mark the score by being moved up and down. The last two discs are marked with a cross, and it is not until one of these has disappeared that the game is decided.

A number of red and white balls, one of each crossed to correspond with the discs, are thrown in before the game begins. Then the players, eight in red and eight in white, all dressed in J. J. style natty costumes, with saddles and accoutrements to match, ride in alternately in stately procession, salute the distinguished guests and begin the game.

Grab Ball in Net.

Each player carries a short bamboo wand with a small net attached to the end, and his object is to stoop and capture a ball in this net corresponding to the color of his team. He then rides furiously toward the goal, where he attempts to pitch the ball into the cup from the net.

During the throwing of the first three or four balls there is no serious opposition on either side, but when they have been thinned out somewhat and one side finds itself losing ground, the battle becomes fast and furious. The losing side begins riding and dashing at its opponents from all sides, cutting in front, circling from behind and balking them in every way possible.

The crisis is reached when nothing remains but the last two crossed balls, by which the game is decided. There the horsemanship and skill of the players is developed to the fullest and it is described as no mean feat to secure and carry a ball in a little net through a crowd of skilled players, yelling, galloping and interfering with all their energy. Even when the ball is safely in the net and the goal is reached, the last shot made with eight men all dashing forward, straining every muscle to prevent it going in to the cup. When one side has scored, the game is called and the players ride from the field, saluting the dignitaries.

Valuable new drug plants have been found by explorers in the Amazon river basin.

Save Money

By having your shoes re-built. Remember they are reconstructed—the weak points strengthened and the worn parts replaced—not just "fixed."

You'll be surprised to see what we can do with some apparently hopeless shoes, saddles, harness, hand bags, and belts.

ADA IS RESOLVED TO CARRY HONORS

Local School To Have Entries in All Departments of District Contest.

Little doubt was felt today that Ada high school will be strongly represented in the forthcoming district track and field meet. It realizes its advantage over other schools and is preparing to make the most of every opportunity. With a well organized athletic squad and with a literary force better than any previous year, the school is going out for all honors possible.

Prof. A. L. Fentem announced today that he had his entire school ready for the events and was expecting them to make a showing. After the good showing of his men at Chickasha against some of the state's strongest high school teams, and with only a part team entered there, he believes he will be able to make a much better record here at this meet. His baseball team is making a strong bid for district honors and his band and orchestra will be entered.

Ada won the orchestra cup last year and will have few competitors this year. This is the first year a prize has been offered for a band. The girls' glee club and choruses have been working for several weeks. Speakers, readers and others to participate in literary subjects have been busy for some time. Tennis teams will also participate.

It is the plan of the school to let no event go by without at least one entry. Each man is being put in the place where he will make the most of his ability. Most of the high school faculty has been assigned some position in connection with the training of local students for the meet.

MILLER SUBMITS DISSENTION IN DENNIS HEARING

OKLAHOMA CITY, April 18.—A dissenting opinion scoring Fred G. Dennis, former state bank commissioner, in his management of the defunct Bank of Commerce of Oklahoma, was handed down today by Justice O. H. R. Miller, of the state supreme court, in connection with the recent decree of the court which made permanent a writ of prohibition restraining District Judge, John Norman of Oklahoma from continuing with the dissolution of the bank's assets. Justice R. E. Kennamer and C. H. Eltings conferred with Justice Miller.

Justice held that owing to the "mankrupt" action, mismanagement and fraud of the bank commissioners, the unsecured depositors of the bank evidently would receive at least 40 percent less than they would have received had the failed bank been carefully managed.

Two Are Held in Death of Infant Buried at Allen

T. J. Bassinger and his daughter, Ethel Bassinger, both of Allen, were being held in the county jail today while Assistant County Attorney Hugh F. Mathis was making final inquiries before the filing or criminal action, probably murder, against both.

Sheriff Bob Duncan and the county prosecutor were called Monday to Allen to hold a court of inquiry into the case. While the father and girl were being examined and two younger children, Lula Bassinger, 15, and Hobson Bassinger, 13, were being questioned, officers searched the home and outbuildings. In the bar, near the house, it is said, they found the body of an infant buried. It was believed to have been dead about two weeks but was well preserved in the cold earth.

A post-mortem examination made here late yesterday is said to have revealed the fact that a rag had been stuffed into the child's throat, stopping respiration. Doctors also reported that the lungs indicated that the child had breathed and that circulation had started.

Bassinger is about 45 years old. Ethel Bassinger is 22. Filing of charges was expected this afternoon or tomorrow.

HIGH SCHOOL NINE WILL MEET ALLEN TEAM THERE TODAY

The Ada high school baseball club left this afternoon for Allen where they were to play Allen high school a final game before the district baseball tournament. Friday and Saturday, Krieger and Page went along to fill the ox and Coach Cox believes his lads will be given a nice workout before the district contest.

Allen high school won county championship this year. Cox's team was not entered in the county meet. Allen has a good team and the local men will be given a good fight today, according to the coach's opinion.

He is taking no chances with the district meet and hopes to have the team in good condition when the meet opens. Several strong teams will be entered in the district tournament and he is hoping to weather the storm into the finals at the least. His baseball squad took district honors after it had been conceded that they had little chance to do so. He promises to have some such a surprise in baseball.

Alvis Tunnell of Oklahoma City was here over the week-end visiting relatives and friends.

OKMULGEE—William H. Robertson, 74, a pioneer resident of eastern Oklahoma, died at his home here recently. He had been a citizen of Okmulgee 21 years, coming here when few but Indians inhabited the site and when the town consisted of a few frame buildings.

Notice of Sale of Oil and Gas Lease State of Oklahoma, County of Pontotoc, ss. IN THE COUNTY COURT Probate No. 2128

Notice is hereby given in pursuance of an order of the County Court of Pontotoc county, state of Oklahoma, made and entered on the 15th day of April, 1922, the undersigned guardian will offer for sale and sell at public auction to the highest and best bidder an oil and gas mining lease on Friday, the 21st day of April, 1922, at 10 o'clock a. m., the following described lands situated in Pontotoc county, state of Oklahoma, to-wit:

North Half of the Southeast Quarter of the Northeast Quarter; and the Southwest Quarter of the Northeast Quarter of the Northeast Quarter of Section Twenty-two (22), Twp. Five (5) North, Range Five (5) East, Containing 50 acres.

Said oil and gas lease will be sold on the following terms and conditions, to-wit: For a cash consideration of at least \$1.00, and the drilling of a well on the lands of Francis M. Hatcher and Lillie May Hatcher, on some part of the Southeast Quarter of Section Twenty-eight, Twp. 5 N., R. 5 E., said well to be drilled to a depth of at least 2,500 feet unless oil or gas is found in paying quantities at a lesser depth, drilling on said well to commence not later than June 1, 1922.

Said sale to be held in the County Court room of Pontotoc County, Oklahoma, at the time above stated. Dated this 15th day of April 1922. L. A. ELLISON, Guardian of Robert Norman Hatcher, a minor.

Notice of Sale of Oil and Gas Lease State of Oklahoma, County of Pontotoc, ss. IN THE COUNTY COURT Probate No. 2127

Notice is hereby given in pursuance of an order of the County Court of Pontotoc County, State of Oklahoma, made and entered on the 15th day of April, 1922, the undersigned guardian will offer for sale and sell at public auction to the highest and best bidder an oil and gas mining lease on Friday, the 21st day of April, 1922, at 10 o'clock a. m., the following described lands situated in Pontotoc county, State of Oklahoma, to-wit:

The East Half of the Northwest Quarter of the Southeast Quarter; the West Half of the Northeast Quarter of the Southeast Quarter; and the West Half of the East Half of the Northeast Quarter of Section 28, Twp. 5 N., Range 5 E., containing 50 acres.

Said oil and gas lease will be sold on the following terms and conditions to-wit: For at least \$1.00, cash in hand paid subject to confirmation of the court, and a further agreement on the part of the purchaser that lessee or assigns will commence the drilling of a well on or before June 1, 1922 on some part of the within described land, said well to be drilled to a depth

of 2,500 feet, unless oil or gas is found in paying quantities at a lesser depth.

Said sale to be held in the county court room of Pontotoc county, Oklahoma, at the time above stated. Dated this 15th day of April, 1922.

NATION'S ATTACK A SECRET TRUCE

(Continued from Page One) Premier Barthou at Genoa, to regulate the action of the French delegation in case it is requested to make a prompt decision.

Treaty Must Be Dropped A Havas dispatch from Genoa this afternoon says the allies are detailing a note to Germany and Russia, notifying them it will be impossible for the Germans and Russians to continue to participate in the session of Russian affairs commission of the conference if they persist in maintaining the Russo-German treaty.

PARIS, April 18.—A high official of the government declared this afternoon that there was no possibility of the conference continuing at Genoa unless the Russo-German treaty was canceled, and in event it was cancelled, the official said, the moral effect would remain of two of the parties to the Genoa conference had manouevred don the side to forestall the conference's work.

TWO TOWNS TAKE PRIZES FOR EMPLOYING VETS

Two cities, Cushing and Bartlesville, have won Certificates of Merit to be awarded by Hanford MacNider, National Commander of the American Legion, for having furnished employment to every World War veteran in the community since American Legion Employment Day, March 20. Cushing won over all cities and towns in Oklahoma with a population of from 5,000 to 7,500 and Bartlesville from 19,000 to 15,000.

Every contractor at Cushing has agreed to give ex-service men preference in employment in all work, and in all public work the same holds good.

Bartlesville also secured preference for her war veterans and is especially glad to win a Certificate as MacNider will visit the State Convention of the Legion there next September.

Seven other Certificates will be awarded winners in the following classes of towns and cities with populations as indicated: (1) 500 or less; (2) 500 to 1,000; (3) 1,000 to 1,500; (4) 1,500 to 3,000; (5) 3,000 to 5,000; (6) 5,000 to 7,500, won by Cushing; (7) 7,500 to 10,000; (8) 10,000 to 15,000, won by Bartlesville; (9) 15,000 or more.

Cities and towns which have all service men employed since March 20 should immediately inform State Headquarters of the Legion at the State Capitol, Oklahoma City, as the first one reporting in each class will be declared winner.

NOT ALL TOP SERGEANTS ARE "HARD BOILED" STILL

The supposition that all army top sergeants are "hard boiled" took wing when an investigator unearthed one ex-top kick in Chicago who is spending his time trying to locate jobs for ex-service men as campaign to find work for World War veterans.

Hoffman Reserve Head.
Roy Hoffman, Oklahoma City, and a member of the American Legion there, was last week elected president of the Reserve Officers' association for the eighth corps area. The election took place at the closing session of a fifteen day conference of fifty-two reserve officers from the states of Oklahoma, Texas, Arizona, Colorado and New Mexico.

FOCH'S "AMERICAN ROOM" HAS MANY SOUVENIRS

Hanging in the room which Marshal Foch of France has reserved in his home for the thousands of presents he received while touring the United States under the auspices of the American Legion are the keys to eleven of America's largest cities. All the gifts which Americans bestowed on the Marshal are in his "American room" except the famous Montana bob cat which now paces a cage in the Paris Zoological Gardens.

PIE SUPPER ASSISTS POST TO RAISE ITS DUES

When the American Legion post at Quinton, Okla., went over to organize an outpost at Broken they found the Broken boys short of cash. But that didn't "dampen" them. They organized the outpost anyway, and arranged for a pie supper at the Broken school house the next week, and sent in dues out of the Quinton post fund. The pie supper netted more than enough to pay dues of the 14 members of the outpost. Broken got the first outpost charter in existence. Oklahoma is the first state to form outposts and originated the idea.

Edmond Beautifies Homes.

The Edmond post is behind a campaign urging citizens to beautify homes of the city and the entire town. They recently cleared over \$70 on a picture show they staged.

Post "Loaned" Land.

Walters post by business men, which they are fixing up for post teams in baseball, tennis, track and football.

They pitched a tent in the street while conducting the Census Drive. "We have 160 new members," states W. Lee Brooks, adjutant.

EMPORIA, KAN., VETERANS TO BUILD HOUSE ON BONUS

So confident are the ex-service men of Emporia, Kan., that the adjusted compensation measure will be passed by the Senate that the American Legion members of that place have pledged \$3,000 of the expected money to be used as the nucleus of a fund to erect a suitable community club house.

Legion in Korea.

In Korea, where Ford's cost \$1,012.50, former members of the A. E. F. have banded themselves together under the leadership of M. L. Swineheart, treasurer of the Southern Presbyterian mission of the Hermit Kingdom, and formed a post of the American Legion. About a dozen ex-fighters, most of them missionaries, make up the post membership.

Easter Message Broadcast.

A Legion commander for the first time made use of the radio telephone in broadcasting a message to the ex-service men of America when Hanford MacNider stood in Detroit, Mich., and from station WWJ sent an Easter greeting that was heard in all middle western states and as far south as the Gulf.

AERIAL WATCHMEN ARE PROTECTING CANADA'S FOREST WEALTH

AERIAL INSPECTION WILL AID IN
SAVING CANADIAN FORESTS
LIKE THESE FROM THE FIRE FIEND

Fire is the greatest menace to Canada's 1,900,000 square miles of forests, a menace that has balked man's puny fighting efforts until today. Now the Canadian government has added an aerial fleet and force to its army of fire rangers and the dreaded devastating demon "Forest Fire" is in a fair way to be checked.

These air patrols are under the supervision of the Forestry Branch of the Department of the Interior which has divided the country into sections and allotted to each an air patrol. The flying machines are equipped with wireless apparatus for reporting new fires and the progress of old ones. They also often assist the fire fighters by bringing them supplies.

Some conception of the magni-

tude of their observations and the value of the air service may be gleaned from the following records. The patrol that covers the country west of Revelstoke in the Canadian Rockies—including Vancouver Island—embracing the Fraser and Lower Thompson Valleys as well as the Shuswap Lake region, spent 4884 hours in the air last summer and flew 32,600 miles, using four HS 2L Flying Boats and one T3 twin Engine Boat. By means of these craft it is possible to travel swiftly great distances and over sections inaccessible to the fire ranger who must depend on his canoe and own sturdy legs to cover his beat.

Air patrols make reconnaissances of the country over which they fly, which are of inestimable value.

They also prepare maps when so directed. A flight over the Canadian Pacific Rockies was made in September for the purpose of ascertaining the feasibility of aerial patrols for fire protection in the National Park. Three days flying there enabled the Superintendent to cover all his territory and explore many parts never before visited.

The lake region of Manitoba was practically a sealed book before air patrols began flying over and mapping it. Inspection trips have been made to Le Pas and further north. One of the most interesting flight excursions, to foresters, was a ten days flying in the Temiskaming region of Ontario to investigate the spruce bud worm situation.

10 PERSONS DEAD AS STORM PASSES

Many Lie at Point of Death
in Hospitals Tuesday As
Tornado Aftermath.

(By the Associated Press)

CHICAGO, April 18.—Revised figures on the casualties and damage caused by the storm which swept over the central states yesterday and last night indicated at noon today that the loss of life would not be as great as had been expected. The largest figures show 28 known dead, 11 in Illinois and 15 in Indiana, and three in Missouri, and property damage was estimated to run into millions of dollars.

Previous reports which placed the dead up close to fifty were found to have been caused by duplicated reports, which probably resulted because of poor wire communication.

In addition to the above, scores towns which were struck by the storm reported many persons injured but few of them were in serious condition.

The most conflicting report came from Ctralia, Ill., where originally about thirteen were believed to have been killed. It was found that seven towns had duplicated the same report, however, and only four were dead in that section.

DANVILLE, April 18.—Ten persons are known to have been killed and 41 injured, several fatally hurt and a dozen seriously injured in a tornado which swept across Champagne and Vermilion counties, Illinois and Warren, Ind., late Monday afternoon, doing damage estimated at a quarter of a million dollars.

Many of the injured were brought to Danville hospitals.

Danville doctors were called to the storm centers soon after it was reported and worked throughout the night.

Negro Bandit Grabs Money Laden Satchel From Teller of Bank

(By the Associated Press)

KANSAS CITY, April 18.—A negro bandit, armed with a revolver today robbed B. B. Meador, teller of the Southeast State Bank of a satchel containing \$4,000 in cash and \$7,000 in checks, while Meador was a passenger on a downtown street car, forced the conductor to stop the car and escaped in a motor car which had followed the street car several blocks.

As he departed the bandit fired one shot, creating a near panic among the seventy-five passengers on board the car.

First reports were that Meador had been captured and taken away in the bandit's car where he was robbed but police investigation contradicted this report.

A "Film Fair" to depict all the stages of the motion picture industry will be opened in Los Angeles in January.

Polly Wallace Will Now Wrestle Nature Upon Western Claim

(By the Associated Press)

AMES, Ia., April 18.—Lehigh Wallace, known to sport fans of the middle west as Polly, has departed from Iowa State College for Fortification, Colo., where twenty-five miles from the railroad, the undefeated collegiate heavyweight grappler will wrestle with mother nature on a claim which he is proving up. Wallace made the trip in an automobile.

Polly's three athletic letters, one in football and two on the mat, reposed under the front seat of his car. Wallace will have no more use for them until he returns to Iowa in the fall to coach the athletic teams of the Iowa Falls high school. He virtually has completed his work for a bachelor's degree in animal husbandry and will receive his sheepskin in June.

For two years Wallace headed the list of football centers in the middle west and in 1920 was chosen by Walter Eckersall as his selection for all-American center. Although when in wrestling trim he weighed less than 175 pounds, Wallace never was defeated in the heavyweight or 175 pound classes.

DEATH BY MISHAP IS DISCARDED IN CASE AT CAPITAL

(By the Associated Press)

OKLAHOMA CITY, April 18.—Lee Fox, administrator and active manager of a local transfer company, was found dead in the basement of the company building here early today. There was a deep gash across his forehead, and another on his chin.

Coroner A. W. MacWilliams said he had not yet decided whether Fox met his death accidental or was murdered. There was a possibility, the coroner said, that Fox could have fallen down the elevator shaft. A brick, covered with blood and on which had been impressed what was thought to have been human hair, was found near the body of Fox by the police. This apparently denied the accident theory, some said.

Fox was 50 years old. His brother, Charles, committed suicide in the basement of the same building a year ago.

The wound from which Fox died could not have been self inflicted, authorities said they believed.

CANDIDATE FOR GOVERNOR LOOKS AFTER FENCE HERE

The first candidate for governor to visit Ada is R. H. Wilson, state superintendent, who was in the city a few hours this morning in the interest of his candidacy. He stated that the campaign is not under full headway yet, but that he is well pleased with the outlook for a successful finish of his race.

Mr. Wilson made a favorable impression throughout the state by declaring that he will not do any mud slinging during the campaign adhering to the policy he followed during his races for his present position.

STEWART LEAVE EARLY REVOKED

Governor Explains Tuesday
How Pontotoc County
Man Left "Pen."

(By the Associated Press)

OKLAHOMA CITY, April 18.—(Special to the News.)—In an interview with a representative of the News today, Gov. J. B. A. Roertson stated that the 60-day leave of absence granted Ed Stewart on April 7 was revoked on April 13, and that Stewart is either in the jail at Oklahoma City or back in the penitentiary at McAlester.

The governor stated that the leave of absence was granted at the request of Dr. J. A. Deen of Ada, who assigned sickness in Stewart's family as the reason for his request. Later the governor had occasion to change his mind and revoked the leave, he informed the representative of the News.

According to the governor, Judge J. W. Bolen was with Dr. Deen when the latter made his request but took no part in the matter one way or the other, saying nothing either for or against the request. Later the letter from Judge Bolen, in which he strongly disapproved the application of Stewart was received but the order had already been revoked.

Big Guns Firing Cause Rumors of Big Earthquakes

(By the Associated Press)

LOS ANGELES, April 18.—Weather conditions are responsible for target practice of the Pacific Fleet off the Southern California coast being occasionally mistaken for earthquake shocks, according to a report made to the Chamber of Commerce of this city by Dr. Ford A. Carpenter, head of the meteorological bureau of the chamber.

Dr. Carpenter cited cases of January 17 and March 23 last when vibrations caused by big gun fire rattled house many miles inland and resulted in reports of "earthquakes" from widely scattered localities.

"It is a well known fact," the report continued, "that sound coming from some point may be heard more distinctly at certain times than at others. The distance at which the sound may be heard is also variable. The wind direction plays a most important part in this. If the sound-emitting body is in the direction from which the wind is coming, the sound may be heard more distinctly. It can be seen readily that sound waves traveling in the opposite direction from which the wind is blowing or against the wind, will be broken up and deflected.

"The weather conditions during the evenings of January 17 and March 23 were practically the same. At both times an area of low pressure was central over Nevada and Utah, with an area of high pressure of the California coast. Under these conditions Southern California would experience southerly winds shifting to westerly by way of southwesterly. "The firing took place near Cata-

lina island, which would give the ships a position practically due south of Los Angeles. The great atmospheric waves traveling with the wind would be carried great distances. Had there been a northerly wind the shock would probably have been unnoticed.

"With gun firing at sea, the waves are in the air, but with an earthquake the waves are sent out from some disturbance under the surface of the earth and a vibration of the ground results. The gun firing shocks rattle windows and doors but there is no vibration. The effect is more like a high wind.

"As the navy seems to have chosen Southern California waters for battle practice and target firing of the ships, we are likely to have recurrences of these shocks from time to time."

"Gift of Americans" Is Label on Bodies of Hanged Convicts

(By the Associated Press)

SCUTARU, Albania, April 18.—"Gift of the American People," read labels on the pajama clad bodies of two notorious insurgents which hung from trees in the center of this town several days. The incongruity of the labels evidently did not strike the Albanian authorities who carried out the execution, as all the pajamas given out to the poor by American relief workers are so marked.

These garments evidently were the only ones available in which to clothe the condemned men.

Russian Red Guards wear a peaked cap with a red star and a spade and shovel of labor.

"Stagger, I always
wins the race when I
carry home Kellogg's
Corn Flakes. I can't
hardly wait till I
have some quick,
mudder!"

Watch the little folks speed home for Kellogg's Corn Flakes

It's great to see child-enthusiasm for Kellogg's; great to see every one in the family enjoy their crisp crunchiness and wonderful flavor! To sit down before a heaping bowlful of these cheery, oven-browned "sweet-hearts-of-the-corn" and some milk or cream—and fresh fruit, if it's handy—is just about the very last word in appetizing appeal! And, your good taste will prove that!

Kellogg's Corn Flakes ought to be superior—they are the original Corn Flakes! Kellogg's are never tough or leathery; never hard to eat; never a disappointment!

Be certain to get Kellogg's—the kind in the RED and GREEN package—because none are genuine without the signature of W. K. Kellogg, originator of Toasted Corn Flakes!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.
